# Accommodation options

## Coming to Murdoch and unsure which accommodation option is right for you?

Whether on-campus at the Murdoch University Village, to off-campus in shared accommodation or homestay, here's what you need to know about finding the perfect place to live.

**1 On-campus Student Village**  
The Village is located at our Perth campus with classes right on your doorstep, direct access to public transport and a range of local shops and on-campus amenities. The Village has stylish, fully furnished apartments available for rent, with options to suit almost any budget.

**2 Shared or privately rented accommodation off-campus**  
Depending on your lifestyle, you may choose to rent a single room from a house that is occupied by several other people, or you can take on the lease for a single property yourself.

In a share house, you will have your own room, but amenities such as kitchens and bathrooms will generally be shared with your housemates. Students living together in shared accommodation will often have rules for inviting guests over. They will share the payment of utilities and the usage and clean-up of common areas. Shared accommodation is a great option if you're not wanting to live by yourself and are wanting to make friends with both local and international students and non-students.

**3 Homestay accommodation**  
Want to experience life as part of an Australian family? Homestay accommodation is the perfect option for you.  
There are many benefits of local accommodation, where you'll live with a family: improvement of English language skills, meeting new people and attending social events, tips on local community and culture, plus the support and advice provided by your host family.

“ I lived in the Student Village when I first arrived at Murdoch, and there were many social events planned for us, from DIY events to weekly dinners.”
