Welcome

From the Vice-Chancellor

I am proud of Massey University. As a world-class research university, it solves real-world problems in partnership with its industries and communities. It is unique amongst the New Zealand universities, providing flexible, high quality teaching across a range of subjects which are informed, and taught by world-renowned researchers. Our research covers critical areas such as food, agriculture and environmental science. We excel in design, creative arts and music. Our strengths across the humanities social sciences, health, engineering and business ensure graduates are innovative, enterprising and entrepreneurial. Wherever you choose to study you will be able to access a comprehensive range of undergraduate and postgraduate programmes. Massey is recognised as a student-centred university, and we are proud of our commitment to Māori and the Treaty of Waitangi, alongside our emphasis on equity of outcomes for Pacific Peoples. It is host to the National Centre for Tertiary Teaching Excellence and the Riddet Institute. International collaboration in education and research is fundamental to how we succeed.

By joining Massey you are making a decision to carry on a tradition that has shaped New Zealand and made significant contributions around the world. It is that history which makes Massey students so in-demand. Employers like the mix of values, practical competencies, entrepreneurship and relevant knowledge that a Massey graduate represents.

This prospectus showcases all of our postgraduate offerings. You will learn about our three campuses at Auckland, Manawatū and Wellington and the flexibility of online and blended learning. There is information about resources and services available for postgraduate students at Massey. The back of this book lists postgraduate programmes offered at Massey, with brief descriptions and information about availability. Whatever you choose to do, Massey is committed to ensuring you are prepared to take on whatever challenges you may encounter in the future. With a Massey degree you will make a difference in your world. I look forward to welcoming you.

Professor Jan Thomas, Vice-Chancellor

[@ProfJanThomas](#)

He mihi

E te huinga tauira e tau nei, nau mai, haere mai

Haere mai rā ki Te Kunenga ki Pūrehuroa. Tomokia te whare ako, te whare o te mātauranga, kia tīkina mai ai ngā kete o te wānanga. Mā tēnei ara, e tutuki ai ngā wawata me ngā tūmanako e ngākaunuitia ana mō te rangi āpōpō. Haere mai ki ōna whenua kura, ko Turitea ki Manawatū, ko Otehā ki Ōkahukura, ko Pukeahu ki Te Ūpoko o Te Ika. Ko Te Pūrehuroa e whakahuatia nei, he rarangi whetū ki te rangi, he hīnātore ki te māramatanga. Inā hoki, ahakoa he tīmatanga, kāhore he mutunga o tēnei mahi te whai i te mātauranga. Nō reira, nau mai, kia mārama ai ngā pūmanawa, kia pakari ai ngā pūkenga. Ka ea te kōrero, mā tini, mā mano ka rapa te whai, ka hua ai te wānanga.

Koia tēnei ko te reo maioha o Te Kunenga Pūrehuroa, e tukuna atu ana ngā mihi manahau ki a koutou katoa. E rarau ki te tapuwae nui o Tāne, ko Tāne-i-te-Wānanga, ko Tāne-nui-ā-Rangi. Kia ū ki te ara, kia mau ki te mātauranga, kia manawanui ki te ako, hei oranga mātauranga mōu, mō tātou katoa. Kia toi te mana, kia tau te mauri, kia tupu te māramatanga ki a tātou katoa.

The name Te Kunenga ki Pūrehuroa is a symbolic reference to the knowledge journey that you are about to embark upon. Te Pūrehuroa represents the infinite constellations of stars that radiate the skies above us, illuminating a pathway towards a future that you will cultivate and forge during your time here at Massey University. The acquisition of knowledge brings with it a lifelong commitment to learning and is a journey without end – from inception to infinity. We encourage you to draw inspiration from the many kōrero, or ancient narratives, that make Massey University so distinctive. In the spirit of the great knowledge seeker Tāne, we hope that you prepare yourself well for the challenges ahead and that you may aspire to attain ultimate success.

Nāku noa, nā

Professor Meihana Durie
Te Pūtahi-a-Toi, Massey University.

He aha te Ako What is Postgraduate Paerua? study?

Postgraduate study enables you to take your career to the next level, through in-depth study in a particular area of interest. It helps you take your prior experience and knowledge, and use your initiative as you research, and contribute to your field of expertise. It requires planning, dedication and will take time away from your everyday life, but ultimately your hard work could open the door to new opportunities and greater responsibility.

HOW DOES IT DIFFER FROM UNDERGRADUATE STUDY?

During your undergraduate study, you will have learned many of the skills required to study successfully at postgraduate level. However, it is important to realise that postgraduate study requires greater independence, and you'll need to use your own initiative in completing course work and undertaking research projects.

You'll generally be expected to have some knowledge and prior experience in your subject area, however postgraduate study can also be used to support a career transition. As an example, a person with a science PhD may contemplate an MBA. You'll be supported and encouraged by your supervisors in a range of ways, but in many circumstances, you'll be in the driving seat when it comes to getting work done.

Postgraduate study is more strongly focused on theory and research in the discipline, and many postgraduate qualifications have a research component. You'll also be expected to possess a higher level of critical thinking and analysis, show that you read extensively, and can develop your own views, and defend them.

ARE YOU READY FOR POSTGRADUATE STUDY?

Postgraduate study requires time, commitment, and a range of skills beyond those you may have needed as an undergraduate. We have provided a series of online tools and resources to help you think about the different aspects of studying at a distance, and to assess your abilities, time commitments and motivations for study. Check them out on the Massey website:

massey.ac.nz/postgrad

FINDING TIME FOR STUDY

Studying at university requires a significant time investment. Students often comment that balancing their everyday commitments with study requirements can be challenging. It is important to carefully consider how many courses you should take, especially when beginning your study.

You should be realistic about the number of courses you can take in a semester and consider all your existing commitments. You will need to spend approximately 20 to 24 hours each week for a 30-credit single semester course, or 10 to 12 hours each week for a 30-credit double semester course.

PATHWAYS TO POSTGRADUATE STUDY

Most postgraduate students enter their study already possessing a bachelor's degree. However, if you want to change the direction or focus of your study, you may need to begin with a graduate diploma. Master's degrees can be between 12 and 24 month programmes, depending on your entry route, and the degree's credit value. They can be mainly coursework, a combination of coursework and a research project or thesis, or a thesis only. Doctoral degrees are awarded entirely for research reported in your thesis (PhD) or for a combination of coursework and a thesis (the 'Named' doctorates).

TYPES OF PROGRAMMES AVAILABLE

Honours degree

Honours degrees are postgraduate qualifications comprising an additional year of study beyond the bachelor's degree in the discipline. Entry to an honours degree requires prior high academic performance in undergraduate degree study. Students selected for an honours degree will enrol in the postgraduate degree after completing the undergraduate degree. Completing an honours degree may qualify you for doctoral study if your achievement is high enough.

Master's degree

A master's programme allows you to undertake advanced study – usually on the main subject in your qualifying undergraduate degree. Some master's programmes allow you to move into a different discipline from your undergraduate study.

Postgraduate diploma

A postgraduate diploma builds on your prior academic achievement, and generally takes one year of full-time study to complete. It can lead to further study at master's or doctorate level.

Doctorate

The Doctor of Philosophy (PhD) degree is the qualification to kick-start your research career. It is the highest degree Massey offers and can be acquired in most of the disciplines. It may involve external supervisors from a research institute. It is Massey's most supervised, fully research-based degree.

A PhD is awarded for a thesis, which is an integrated and coherent report demonstrating your ability to carry out independent research and analysis at an advanced level in a particular field, or an advanced creative-practice work including a substantial written component. Your thesis should make an original contribution to knowledge of the subject it focuses upon.

It will be assessed by three independent examiners in a process that includes thesis assessment reports and an oral examination. It normally takes at least three years of full-time study to complete a PhD. If you'd prefer to study part-time, you need to allow five to six years to complete the research and writing.

Named Doctorates

Massey University offers two named doctoral degrees:

- > Doctor of Clinical Psychology (DClinPsych)
- > Doctor of Social Work (DSW)

These are specially-designed degrees involving high-level study and research. They are ideal professional development options for existing and prospective senior managers and leaders.

Named doctorates comprise one-third course work/practicum and two-thirds supervised research. In all other respects, including the examination procedure, they're equivalent to a PhD, especially in the standards of discipline, rigour and scholarship required.

ENTRY REQUIREMENTS

Entry requirements for each programme vary, so it's best to talk to the team at Massey University to find out what level of postgraduate study is right for you.

Photo: Jemina Hohaia, Graduate Diploma in Teaching and Learning student.

Te Rongo me te taumata Reputation and rankings

Each year more than 20% of Massey University's student population study at postgraduate level, including 1000 Doctoral (PhD) degree students. We have an international reputation for research innovation, practice and results, which are applied to postgraduate programmes of study, and we attract world-leading academics and scientists. Massey has strong global links, with accreditation and endorsements across numerous programmes. Our five teaching and research departments are:

TOI RAUWHĀRANGI / COLLEGE OF CREATIVE ARTS

Based in Wellington and Palmerston North, the College of Creative Arts is a world-class art, design, music and screen arts college that has led creative education in New Zealand for more than 135 years. Offering courses across a broad range of subjects, from undergraduate to doctoral level, the college is ranked in the top three for the Asia-Pacific region by RED DOT. Massey has the largest number of top-ranked researchers in design and visual arts and crafts in New Zealand, with 77% of our research staff ranked A or B. Offering global connections and outstanding facilities, the College offers a stimulating, highly innovative learning environment for creative innovators who wish to make a positive difference to our world. Postgraduate programmes at the College are predominantly practice led. Massey has also been ranked in the QS Universities Top 150 for art and design for the past 5 years.

TE KURA HAURĀ TANGATA / COLLEGE OF HEALTH

Established in 2013, the College of Health partners with national and international stakeholders to lead the improvement of health, well-being, equity, and social justice. Its approach to learning, teaching and research is to view health and well-being as the outcome of multiple factors encompassing individual differences, diversity, social determinants, and environmental interactions. The College connects people across four collaborative units with outstanding expertise and programmes in nursing, human nutrition and dietetics, health science, physiology, public health, sport and exercise, social work, social policy, environmental and occupational health, and disability and rehabilitation.

TE KURA PŪKENGĀ TANGATA / COLLEGE OF HUMANITIES AND SOCIAL SCIENCES

The College of Humanities and Social Sciences has a strong research tradition and profile, representing a diverse range of themes, research methods and groups, from individual researchers to major research teams and centres. It also has a strong outreach focus, and is well-connected to government departments including the Ministries of Education and Social Development and Treasury. The College is also connected to national and international research and policy communities, including the Health Research Council, the Asia New Zealand Foundation and the Max Planck Institute for the Study of Religious and Ethnic Diversity.

TE WĀHANGA PŪTAIAO / COLLEGE OF SCIENCE

We generate collaboration with the most prestigious global institutions. This gathering of multidisciplinary expertise focuses our research and leads to discovery that drives change in New Zealand and the world. Our postgraduate programmes provide transformative learning experiences for students, and deliver globally relevant solutions to fundamental and applied scientific challenges. Massey University is world leading in Agriculture (ranked 52nd worldwide and No 1 in NZ, QS Rankings), Veterinary Science (ranked as 29th equal in the world and in the top 3 in Australasia, QS and Shanghai Ranking) and Food Technology (one of the top 75 worldwide, Shanghai Rankings).

TE KURA WHAI PAKIHI / MASSEY BUSINESS SCHOOL

As the country's largest business school, Massey Business School (MBS) is ranked among the top two per cent of business schools globally. Massey's business and management programme has been ranked in the top 300 universities in the world by Quacquarelli Symonds (QS). MBS is also highly accredited having achieved AACSB (general), AACSB (accounting) and AMBA accreditations, and many professional accreditations including, accountancy (ACCA, CPA, CIMA, CAANZ), finance (CFA teaching partner), property/construction (RICS) and communication (ACEJMC).

He aha i whiri ai ko Te Kunenga ki Pūrehuroa? Why choose Massey University?

For more than 80 years, Massey University has helped shape the lives and communities of people in New Zealand and around the world. Its forward thinking spirit, research-led teaching, and cutting-edge discoveries make Massey New Zealand's defining university.

INNOVATIVE RESEARCH

Massey has a reputation for research excellence on an international scale with inspirational people, stimulating subject matter and extensive resources and support.

We offer a wide-ranging academic portfolio designed to satisfy global research needs and pave the way for future generations. We are associated with and receive public funding from leading organisations such as the Marsden Fund, the Health Research Council and the Ministry of Education. Massey is home to many innovative research initiatives:

- > New Zealand's most powerful nuclear magnetic resonance spectrometer
- > The EpiCentre
- > New Zealand Institute for Advanced Study
- > The Centre for Public Health Research
- > Riddet Institute

STRONG LINKS

Massey works closely with businesses and the wider community. These links have helped ensure our postgraduate degrees are highly sought after, with great value and relevance in the marketplace.

We also encourage students to build external relationships by undertaking research projects off-campus. Often this research is with staff in the private sector, the government, and industry research entities, both domestically and internationally.

Recent initiatives include:

- > Biocommerce Centre, established adjacent to the Manawatū campus, to grow the Biotechnology industry in the Manawatū region of New Zealand
- > The Centre for Organisational Excellence Research
- > Auckland's Albany-based ecentre, a highly successful incubator for new businesses

- > Te Pūmanawa Hauora: Research Centre for Māori Health and Development

Massey is also active in national and regional business incubators that bring together the skills of industry and academia, such as Creative HQ.

THE SUPPORT YOU NEED

We want to help you succeed in your postgraduate studies. Massey offers student services and workshops designed to give students assistance where it's needed. Our student services can assist you with accommodation, health, counselling, recreation, childcare, and other personal services, while our workshops and seminars will help you develop the academic and research skills needed to excel in your studies.

FLEXIBILITY

We offer three locations for on-campus study - Auckland, Palmerston North and Wellington. We also have an extensive distance learning (extramural) programme, so you can choose where and when you want to study. Nearly half our students study via distance learning, with about a fifth of them being postgraduate students.

Sir Geoffrey Peren Building
Manawatū Campus, Palmerston North

Tahua ngore Scholarships

MASSEY MASTERS SCHOLARSHIP

Masters Scholarships are offered for the purpose of encouraging postgraduate research at Massey University. Applicants must be enrolled, or eligible to enrol, full time or part time in a 90 credit minimum research component of a master's degree, with a start date which aligns with the scholarship regulations.

MASSEY DOCTORAL SCHOLARSHIP

Massey University Doctoral Scholarships are offered to encourage full-time doctoral studies at Massey University. They are open to domestic and international students. Applicants require an excellent academic record and must be enrolled or eligible to enrol in a 120-credit doctoral research course. The Vice Chancellor's Doctoral Scholarships are awarded on academic ranking to the top domestic doctoral recipients who start their scholarship within the funding year. Applications close on 1 October for the following year tenure and 1 April for the current year tenure.

The Massey Doctoral scholarships are offered through the Colleges. Please see the regulations for the individual college you wish to study with. Currently Creative Arts, Health, Humanities and Social Sciences, and Sciences have specific information for interested students.

INTERNATIONAL POSTGRADUATES

New Zealand International Doctoral Research Scholarships (NZIDRS)

New Zealand International Doctoral Research Scholarships provide financial support for postgraduate students seeking doctoral degrees by research in New Zealand universities. Up to 10 scholarships are awarded annually. These scholarships are funded by the New Zealand Government and administered by the Education New Zealand Trust.

New Zealand Development Scholarships

New Zealand Development Scholarships are available to candidates from the following countries: Bolivia, Ecuador, Honduras, Kenya, Mongolia, Nepal, Nicaragua, South Africa, Tanzania, and Zambia.

Candidates independently apply for scholarships that covers tuition, return airfare, medical and travel insurance and a living allowance. Applicants must have an offer of place before the application deadline, or the application will not be considered. Download the application form or visit the New Zealand Aid Programme website: mfat.govt.nz

The New Zealand ASEAN Scholars Award provides postgraduate scholarships for applicants from Cambodia, Indonesia, the Philippines, Lao PDR, Myanmar and Vietnam. Selection criteria are determined by partner governments. Applicants must apply for the scholarship via their home country. Scholarships cover tuition, return airfare, medical and travel insurance and a living allowance. Funding is no longer available for dependants. Candidates from Myanmar need to directly apply to the institution. Download the application form or visit the New Zealand Aid Programme website: mfat.govt.nz

Commonwealth Scholarships

These are offered to students from other parts of the Commonwealth under the Commonwealth Scholarship and Fellowship Plan. The scholarships aim to provide opportunities for students to pursue advanced courses or undertake research at a university in New Zealand. Candidates are required to be Commonwealth citizens or British protected persons and must have graduated from an institution in their own country.

English language awards for PhD students from Thailand, Vietnam or Indonesia

Massey University offers English Language education awards, covering tuition fees for up to six months per student, to selected students from Thailand, Vietnam and Indonesia who have been offered a place in a PhD research degree at Massey University.

Higher Education Commission Scholarships

These are offered by Pakistan's Higher Education Commission (HEC) for Pakistani students seeking to pursue PhD degrees at Massey University.

Paearu Whakauru Admission

Postgraduate programmes include honours and master's degrees as well as postgraduate diplomas and certificates.

Students applying for admission to a doctoral programme should refer to the Graduate Research School web pages for admission procedures. See massey.ac.nz/graduateresearchschool for more information.

Recognised entrance qualifications for postgraduate programmes differ by programme and you should refer to the admission requirements for your programme of choice on the Programmes and Courses website at massey.ac.nz/courses

Generally, postgraduate programmes require students to hold one or more of the following:

- > A relevant Massey University degree with above-average achievement as measured by grade average
- > A relevant degree from another New Zealand tertiary institution with above-average achievement as measured by grade average
- > A relevant degree from a recognised offshore tertiary institution with an above average achievement as measured by grade average equivalence
- > Relevant practical, professional or scholarly experience equivalent to that of a graduate. Not all postgraduate qualifications permit entry on this basis.

Entrance to postgraduate study is usually programme and major-specific, and may have conditions attached. Applications require at least 15 working days to process. You should apply well before the start of the semester in which you intend to study.

Verified transcripts from all of your previous tertiary study are essential unless you completed your previous degree at Massey University.

ENGLISH LANGUAGE REQUIREMENTS

All students studying at Massey University are expected to be able to write grammatically correct English, read English actively and with understanding, listen to and discern key points in spoken English and speak English freely and clearly. Procedures also exist for those students who wish to submit written work or examinations in Māori.

All international students whose first language is not English will be required to provide satisfactory evidence of their English language proficiency in the form of an academic IELTS or TOEFL score. More information is available on the international student web pages: massey.ac.nz/massey/international/

■ Kisione Manu

Master of Education (Dist) majoring in Tertiary Education
Ensuring Pasifika students feel like they belong in tertiary education.

With a Bachelor of Science majoring in Biological Sciences and a Master of Education (Dist), Kisione Manu has spent a decade committed to science education and is continuing his quest to ensure Tongan secondary and tertiary students receive the best possible learning opportunities and are able to overcome barriers to their success. He believes tertiary education is still in its infancy in Tonga and hopes his work as a Principal Qualification Officer, equipped with understandings from his post-graduate research, will contribute to higher standards for Pasifika students. "I think there is still work to be done at the university level to ensure that Pasifika students feel they are entering an environment where they belong... more can be done through teachings and creating learning materials that are Pasifika user-friendly."

Rapua kia mau ki te matauranga

E NGĀ ĀKONGA MĀORI

Piki mai, kake mai, nau mai, haere mai ki Te Kunenga ki Pūrehuroa.

We look forward to supporting your journey to knowledge and achievement. Our team is dedicated to ensuring student achievement and committed to academic research that nurtures te ao Māori. We have more than 100 Māori courses available, taught by top academics in their fields across our campuses in Auckland, Manawatū, Wellington and distance.

We offer qualifications with a Māori focus:

- > Postgraduate Diploma in Arts (Māori Education)
- > Postgraduate Diploma in Education (Māori Education)
- > Postgraduate Diploma in Health Science (Māori Health)
- > Postgraduate Diploma in Māori Visual Arts
- > Postgraduate Diploma in Specialist Teaching (Te Korowai Mokopuna)
- > Te Aho Paerewa: Postgraduate Diploma of Teaching and Learning in Māori Medium
- > Master of Arts (Māori Education)
- > Master of Education (Māori Education)
- > Master of Health Science (Māori Health)
- > Master of Māori Visual Arts
- > Doctor of Philosophy

Study te reo Māori with courses that build into an arts degree. Available at Manawatū, Auckland (Oteahā) and Distance.

- > Te Reo Whakawhitiwhiti: The Language of Everyday Communication
- > Te Tau-Ihu o te Reo: Advanced Māori Literature

TE RAU TAUAWHI: MĀORI STUDENT CENTRE

Founded on principles of whanaungatanga, manaakitanga and mātauranga Māori, Te Rau Tauawhi offers pastoral support for all Māori students. There are centres on each campus and an advisor dedicated to our distance students. There are Māori study and whānau spaces on each campus and Māori student associations organise events and whanaungatanga for students.

MARAE

The Pukeahu, Wellington campus has created a new state-of-the-art marae to provide a safe cultural space for students, staff and the community to connect and learn. Te Pūtahi-a-Toi, School of Māori Education in Manawatū, provides a Māori cultural space and wharekai, Te Toi Ora, as the Māori heart of the campus. On our Auckland campus a new space, Te Whare Taupua, is available for Māori students to engage with each other and support services.

MĀORI STUDENT RECRUITMENT ADVISERS

Māori student recruitment advisers can help with advice about which courses to choose and how to enrol.

Contact them at massey.ac.nz/sra

Scholarships

The Pūrehuroa Māori Postgraduate Awards are available for Māori postgraduate students. There are two types of awards. The Pūrehuroa Māori Postgraduate Study Award and the Pūrehuroa Māori Postgraduate Award: Professional Development are to support and encourage timely completion of postgraduate study across a range of fields of study. Te Rau Puawai is a highly successful scholarship programme providing support to Māori students studying in the area of mental health.

TE WHEKE A TOI

Te Wheke a Toi: The International Indigenous Centre for Critical Doctoral Studies offers cultural and whānau-centred support to Māori and Indigenous doctoral students. There are opportunities to come together as Māori to participate in workshops, along with access to presentations by Māori and Indigenous speakers, writing retreats, conferences and weekly whanaungatanga online hui to keep connected and share ideas.

Phone: 08004 TAUIRA

Warm Pacific greetings to you. Welcome to Massey University, where success is the norm and achievement is celebrated. We are committed to providing services that support Pacific students whether you have chosen to study on-campus or by distance learning. To support our Pacific students during their academic journey, Pacific Advisers are able to give academic guidance and pastoral support, helping students reach their academic goals. Our Pacific staff are empathetic to student needs, as they understand the diverse backgrounds and values of Pacific students.

Our students can access services, including student-based learning workshops, mentoring and tutoring programmes, and developmental resources in our online learning environment 'Stream', via the 'Pacific Postgraduate Community' Stream site.

To provide a welcoming environment, we have established a Pacific common learning facility on each campus where students can discuss their study progress with Pacific Learning Advisers. You can network with like-minded students and attend academic preparation workshops within culturally sensitive surroundings.

We have made a commitment to the Pacific community through our Pacific Massey strategy – "Growing Pearls of Wisdom" – written by Pacific people to benefit Pacific peoples in New Zealand and throughout the region. The strategy aims to increase gains for Pacific peoples through teaching and learning, research and consultancy services, and to make a positive contribution to Pacific communities and Pacific nations by:

- > Strengthening the capability of Pacific people to build Pacific communities
- > Making tertiary study accessible to Pacific learners through learning communities, and campuses located in Auckland, Palmerston North and Wellington
- > Providing supportive environments and Pacific staff and students to mentor and encourage students' learning

- > Reinforcing ties with Pacific nations, student and staff exchanges, joint research projects, mentoring and guardianship
- > Undertaking research using Pacific research methodologies and sharing the knowledge with Pacific communities.

We have a dedicated Pacific Postgraduate Learning Advisor, whose aim is to provide an environment where Pacific postgraduate students feel supported and encouraged to reach their academic goals:

Sesimani Havea, Pacific Postgraduate Learning Advisor
Pacific Student Success, Office of the Provost, Manawatū campus
Email: s.havea@massey.ac.nz
Phone: +64 6 951 8097 Ext. 85097

Resources and services for Postgraduate Students

We understand the challenges of student life and provide services to help you achieve your academic and personal goals. Make the most of your time at Massey University and take advantage of all the services and resources available to you.

- > Academic and study skills
- > Career and employment services
- > Chaplaincy and religious services
- > Child care centres
- > Computer labs and wireless networks
- > Course advice
- > Disability services
- > Health and counselling
- > Library services
- > Māori student services
- > Pacific student services
- > Sport and recreation services

POSTGRADUATE STUDENT RECRUITMENT ADVISERS

Get in contact with one of your student advisers. We're available to help you with any questions you might have about studying with us and can help with advice about which courses to choose and how to enrol. There are also dedicated advisers for Māori and Pacific students.

Visit massey.ac.nz/sra

ELECTRONIC RESOURCES

We have a wealth of academic support resources available online for all Massey University students. Materials have been developed by experts and are designed to enhance your academic skills. You can learn about useful strategies to help you with your time management, note taking and memory skills.

ONLINE WRITING AND LEARNING LINK (OWLL)

OWLL contains detailed information, interactive content, and online workshops on essay and report writing, referencing, study techniques, computer skills, and more. See owll.massey.ac.nz

STREAM

Stream is your online learning community to support you in your studies. It allows you to share and exchange ideas with fellow students and the course coordinator. You will find two useful services here:

ACADEMIC Q AND A

You can ask questions in this forum for academic issues relating to study and assignment writing skills.

PRE-READING SERVICE

This service is available to all distance students and first-year students studying on-campus. Postgraduate students studying taught courses via distance can submit a draft assignment and a writing consultant will look it over and provide feedback on structure and focus, style and presentation, sources and referencing.

PRINTED RESOURCES

WORKSHOPS AND SEMINARS

Throughout the year, each Centre for Teaching and Learning holds workshops and seminars providing useful strategies on topics such as essay writing, referencing and advanced writing. See the workshop and seminars web page for information on topics, dates, and venues. If you missed a session, some workshops are viewable through the Online Writing and Learning Link: massey.ac.nz/owll

Tohu kairangi Massey Doctorates

The doctoral degree is the highest degree awarded at Massey. The degree constitutes a significant piece of research in the form of a thesis or exegesis of up to 100,000 words or a series of publications that make a substantive and original contribution to knowledge. At Massey the research must be defended before a panel of experts and takes three to four years maximum to complete for a full-time student. Professional doctorates also include course work and in some cases internships/practicums.

INTERNATIONALLY RECOGNISED

Massey University is consistently ranked in the top 3% of universities worldwide.

We are a global university. Our PhD students come from more than 25 different countries, and we have agreements with more than 200 institutions worldwide.

SUPPORT FOR DOCTORAL STUDENTS

We create an excellent experience and provide great support to Massey's doctoral students. Our campuses are innovative, creative and host some of the world's leading research centres.

PROFESSIONAL DOCTORATES

Massey offers three 'professional' doctorates which have more specific requirements than the general PhD programme:

- > Doctor of Clinical Psychology
- > Doctor of Social Work

EXPERTISE ACROSS MANY DISCIPLINES

Massey's internationally-recognised research-led qualifications are hugely relevant in today's world. Massey can offer PhD-level supervision in the following fields. For a comprehensive list, visit www.massey.ac.nz/prospective-phd and view the 'Areas of Research' document.

ACCOUNTANCY

Master of Professional Accountancy and Finance

Whatever your accountancy career ambitions are, Massey's Master of Professional Accountancy and Finance (MPAF) will help you get there. The MPAF is the only professional master's degree in New Zealand combining the two popular disciplines of accountancy and finance. It is open to graduates with a bachelor's degree in any discipline.

Completion allows you to join key professional accountancy organisations in Australia and New Zealand. The MPAF meets the academic requirements of Chartered Accountants Australia and New Zealand (CAANZ), Certified Practising Accountants (CPA) Australia and the Association of Chartered Certified Accountants (ACCA). It is accredited by all three organisations. The MPAF is also endorsed by the Chartered Financial Analysts (CFA) Institute.

Completing this qualification shows a commitment to gaining the business capabilities employers are looking for. It will build on your previous study and/or practical work experience. You'll gain an excellent understanding of accountancy and finance principles and practical applications. It is the only master's qualification where your study covers both these disciplines. Whether you come from a background in accountancy and finance or not, the MPAF will help build on your skills to help you move into more senior roles.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa.

Master of Business Studies (Accountancy)

See the Master of Business Studies (Accountancy) on page 20 for more information.

AGRIBUSINESS

Postgraduate Diploma in Agribusiness

*Can be completed via Distance Learning, but includes compulsory contact workshops.

A postgraduate diploma is the stepping-stone to a research-based degree such as a master's degree. This qualification will help you join this rapidly-growing industry at a senior level. It is worth tens of billions in export earnings a year. International demand is predicted to continue to grow rapidly for New Zealand's agricultural produce and services.

This postgraduate diploma is most suitable for those who wish to gain a postgraduate qualification, without a research component. You can complete it in a year full-time.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa.

Master of Agribusiness

*Can be completed via Distance Learning, but includes compulsory contact workshops.

Gain skills and knowledge sought by employers in New Zealand and internationally and help address global challenges in the rapidly evolving feed, food and fibre industries. Massey's Master of

Agribusiness is an internationally recognised qualification. You will gain the research and professional skills required across the value chain from farm production to food marketing. Key skills you will learn include:

- > Advanced knowledge of agribusiness and agri-food value chains
- > Solving real world complex problems by application of appropriate methodologies
- > Communicating clearly the results of investigations
- > Working effectively in small teams and applying advanced knowledge of agribusiness to effective solutions to agribusiness issues in an ethical and culturally appropriate way.

The Master of Agribusiness is a research-focused degree with a dissertation component. Our close links with industry and agribusiness faculty globally will help you identify relevant research topics that specifically address strategic issues. Massey's agribusiness programme aligns itself with agribusiness industries throughout the world - ensuring our graduates have the skills and industry knowledge employers want today, and in the future.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa.

AGRICULTURE

Postgraduate Diploma in Science and Technology (Agricultural Science)

Master of Science (Agricultural Science)

See the Master of Science on page 35 for more information.

ANALYTICS

Master of Analytics

SUBJECTS: Business; Health.

The Master of Analytics is a unique programme focusing on how to transform data into intelligence that drives innovation and new discoveries across organisations, while empowering businesses with a competitive advantage and better decision-making.

- ✓ Programme available and all majors/subjects available
- ☐ Some majors/subjects available

Massey's Master of Analytics will equip you with technical ability and competence in devising data-driven solutions. These are the skills needed to transform massive amounts of data into insights that enable better decision making and innovation both in the private and public sectors.

Businesses and organisations today collect unprecedented amounts of detailed data. They can use this to become more competitive through greater efficiencies and new product creation. But in practice the sheer volume of information is often overwhelming. The Master of Analytics will help you understand all these things, as well as give you training in communicating your findings in a compelling way to a business audience. Your study will cover fundamental data analysis tools, including machine learning, data mining, statistics, and econometrics.

In the last phase of study, you will complete an applied analytics project, where you will address a real-world problem in collaboration with an organisation. We also give you training in communicating your findings in a compelling way to a business audience.

AVAILABILITY FOR INTERNATIONAL STUDENTS: The Business subject is suitable for international students requiring a NZ study visa.

ARTS

Bachelor of Arts (Honours)

SUBJECTS: Defence and Security Studies; Economics; Education; English; Geography; History; Māori Education; Media Studies; Philosophy; Politics and International Relations; Psychology; Social Anthropology; Sociology.

If you have achieved a high standard of academic performance in your Bachelor of Arts or Graduate Certificate/Graduate Diploma in Arts, why not study towards a Bachelor of Arts (Honours)? It will take your qualification and prospects up a whole level.

An honours degree is a highly regarded qualification, showing your in-depth understanding of the arts and their application to the real world.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Not suitable for international students requiring a NZ study visa

- ✓ Programme available and all majors/subjects available
- ☐ Some majors/subjects available

Postgraduate Certificate in Arts

The Postgraduate Certificate in Arts offers you a pathway for advanced studies in a subject area of your choice. It is equivalent to the first half of the Postgraduate Diploma in Arts. It's a great place to start if you're considering postgraduate study.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa.

Postgraduate Diploma in Arts

ENDORSEMENTS: Defence and Security Studies; Economics; Education; English; Geography; Geospatial Science; History; Māori Education; Media Studies; Philosophy; Politics and International Relations; Psychology; Social Anthropology; Sociology.

The Postgraduate Diploma in Arts offers you a pathway for advanced studies in a subject area of your choice.

Admission to the PGDipArts is from a Bachelor of Arts (BA) degree with a major in the intended postgraduate subject, or an equivalent degree with a major in an equivalent subject, as intended for postgraduate study.

Advancing your study at postgraduate level will enhance your communication, critical thinking and problem-solving skills so you can take on the opportunities the future holds and thrive as a leader in your field. When you have completed your diploma you may have the opportunity to study for a master's degree.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa.

Master of Arts

SUBJECTS: Defence and Security Studies; Economics; Education; English; Geography; History; Māori Education; Media Studies; Museum Studies; Philosophy; Politics and International Relations; Psychology; Social Anthropology; Sociology.

Studying the disciplines of the humanities and social sciences is transformative. More than ever, the world needs people who can thrive in an ever-changing global environment and who are able to effectively challenge and critique new ideas. Advancing your study to master's level will further enhance your communication, critical thinking and problem-solving skills so you emerge and thrive as a leader in your field.

The arts are your passport to all the world's wonderful places. Studying at a higher level will open doors to new cultures, communities and opportunities, driving your ability to champion creative and innovative solutions for complex global issues. You will have the opportunity to pursue advanced study in a humanities or social sciences subject of your choice through a research report or a thesis.

The Master of Arts (MA) is 180 credits. This means you can complete an MA in three semesters of full-time study. If you study part-time, an MA will normally take three years to complete. In some disciplines – geography, social anthropology, sociology, and politics and international relations – you can complete in 12 months of full-time study.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa.

- ✓ Programme available and all majors/subjects available
 ☐ Some majors/subjects available

- ✓ Programme available and all majors/subjects available
 ☐ Some majors/subjects available

AVIATION

Master of Aviation

Today's aviation industry is grappling with worsening shortages in skilled personnel. Aviation managers are constantly faced with the challenges of keeping pace with the industry's fast-changing environment. Senior aviation managers are required to demonstrate not only technical knowledge and expertise, but also advanced aviation qualifications and skills.

A Master of Aviation (MAv) will give you the skills to work to a high level of academic achievement, work to deadlines under pressure, and communicate your work effectively. These are essential skills to work at a senior level in the aviation industry, or to progress to a higher level of study such as a PhD.

A master's degree is a rigorous and challenging academic programme, but you will be rewarded with an in-depth knowledge of aviation that will significantly enhance your career prospects in the internationally competitive aviation sector. The MAv is a 180 credit Masters' qualification and can be completed in three semesters (1.5 years of full-time study), or up to six semesters (3 years) part-time.

It offers students two pathways.

The Research Pathway includes 60 credits of taught courses including a compulsory Research Methods course. Part Two will incorporate a minimum of 60 credits of research. Graduates can be found in both academia as well as middle and senior aviation management positions.

The Master of Aviation (MAv) - Professional Pathway - is partly taught and includes a professional research project.

The Professional Pathway is a more practice-based qualification, which will reflect an applicant's industry experience. This option includes two compulsory aviation management courses, elective aviation courses and culminates in a 60-credit 'Professional Practice in Aviation' course. Students who are already aviation professionals may wish to draw on their current aviation role for the purpose of a case study.

AVAILABILITY FOR INTERNATIONAL STUDENTS.

The Master of Aviation can be studied full time on campus in NZ, or international students can study full time by distance from their home countries. This flexible programme also enables international students working full time the opportunity to complete the degree part-time by distance.

BUSINESS

Postgraduate Certificate in Business

Would you like an introduction to postgraduate study? Do you need prerequisite postgraduate courses for another programme?

If you are a graduate wanting to study selected courses in business, the Postgraduate Certificate in Business (PGCertBus) may be suitable for you.

You may want an introduction to postgraduate study in the Massey Business School, or you may be looking to study specific courses for your own professional development. Perhaps you need to gain prerequisite postgraduate courses for another programme. For all of these options the PGCertBus will allow you the flexibility to study in the areas that you choose.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa.

Postgraduate Diploma in Business

The Postgraduate Diploma in Business (PGDipBus) provides you with an advanced education in business. It consists of taught courses, though you may include a project in an area of interest. If you have a degree (not necessarily in business) and would like to study business at a postgraduate level this qualification may suit you.

The PGDipBus can be completed in one year of full-time study, or up to four years of part-time study. Students wishing to progress to an MBS or MMgt should seek planning advice to ensure they include appropriate courses their PGDipBus.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa.

Master of Business Studies

SUBJECTS: Accountancy; Communication; Economics; Finance; Human Resource Management; Management; Marketing.

Massey's Master of Business Studies (MBS) combines study of advanced theory with research in a specialised field of business to give you a career advantage, and is the usual pathway to a PhD in a business subject. This master's degree offers the same rigorous and prestigious programme as other masters' degrees, yet can be completed in only three semesters (180 credits), or one and half years.

To succeed at a senior level in business, or academia, you must be able to communicate your work and findings effectively. You will learn the processes and disciplines involved in high-level in-depth research and how to apply them to business. As part of your study you will complete and present a comprehensive written report on an independent research topic.

Massey's programmes are research-led. The MBS not only draws on the latest business research but also has a focus on real-world learning. We utilise our relationships with industry and help you draw on experience you may have to give your learning context and relevance to the real world.

The MBS offers a flexible study plan comprising of subject specialisation courses and research-focused courses.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa.

Master of Management

SUBJECTS: Agribusiness; Communication; Financial Economics; Human Resource Management; International Business; Journalism; Management; Marketing, Sustainability; Massey's Master of Management (MMgt) is a professional qualification, designed to increase your business knowledge to help you move up the hierarchy of your career, or make a career change. You will learn from our business experts – Massey University has the largest and one of the most highly respected business schools in New Zealand. This is an internationally-recognised qualification.

You can choose from a broad range of specialisations to suit your interests, including HR, communication, international business and more.

- ✓ Programme available and all majors/subjects available
- Some majors/subjects available

You can complete this qualification in 18 months of full-time study. If you study part-time the qualification takes between 2.5 and five years.

Management involves not only being able to work independently and make management decisions, but also being able to work with and direct teams. Those people could be within your organisation, or external clients and stakeholders. The MMgt programme works with you to help develop these skills as well as specialist business capability in your subject of choice. The MMgt is a rigorous programme, where students are expected to achieve at a high level. This is reflected in the quality of our graduates, and contributes to the reputation of the qualification.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa.

BUSINESS ADMINISTRATION

Executive Master of Business Administration

The Massey Executive MBA is a rigorous, challenging professional development qualification, designed for established middle to senior managers who are usually in full-time work. The EMBA's values are practice, personalised experience and strategic global thinking. The EMBA emphasises the importance of developing a strategic perspective on business, the capacity to lead in times of uncertainty, implement effective strategies, a willingness and ability to both identify and build on new business trends locally and globally.

A personalised experience is enabled in part through our two delivery options to choose from and a "Personalised Learning Journey". As a busy executive, we know you have limited time. We teach at two locations in Auckland with convenient weekend teaching in two different modes. You can transfer between locations giving you flexibility, allowing you to structure learning around your work and personal life. Teaching is delivered on weekends. The classes are specifically and solely for EMBA students, enabling focused and relevant learning and deep connections with networks of like-minded peers. The Personalised Learning Journey enables you to identify your key development areas and work on these, assisted by one-to-one executive coaching and the "Career Accelerator" suite of career development resources. In parallel with the academic programme, this means that every part of your study will help you develop the skills necessary for enhancing business performance through effective management of people – the only real sustainable source of competitive advantage.

Deep connection to practice is enabled in multiple ways, including lecturers with extensive business experience, numerous guest speakers from industry, workplace integrated projects, and assessments focused on application. The integrated projects utilise live case studies across a number of organisations in New Zealand.

Distinctive features of the EMBA programme are:

- > Regional workplace integrated projects adding to the connections with business and application to practice throughout the programme.
- > Strategic leadership through specific courses within the curriculum and an internationalised learning experiences during the international study tour.

- ✓ Programme available and all majors/subjects available
- Some majors/subjects available

- > A personalised learning journey, enhanced by executive coaching. It is the longest continuously running MBA programme in New Zealand (running since 1972) and has accumulated an extensive and illustrious alumni network.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Not suitable for international students requiring a NZ study visa.

Master of Business Administration

SUBJECTS: Business Sustainability; Digital Transformation; International Marketing.

The Massey MBA is specifically designed for emerging managers and leaders. It has a strongly applied focus, the aim being to bring practice into your learning and learning into your practice.

It is offered in two delivery modes: full-time at Massey's Auckland campus completed over one year; or self-paced online, with completion possible from two years up to five years. Taught online, the MBA programme seeks to develop practitioners with the strategic thinking, leadership skills and cultural competence to enhance both their companies' and their individual careers in a challenging global environment. It emphasises five key competencies: strategic thinking, leading with integrity, problem analysis and problem solving, technology awareness, and cultural competence. Students may develop specialisations if they choose, specifically business sustainability ("built-to-last" businesses), digital transformation and international marketing.

The full-time option provides an opportunity for an immersive, concentrated learning experience in the company of your peers with minimal time-out from your career. Each of the core 15-credit courses will require up to 150 hours of student study time, including approximately 34 hours of direct classroom time. In-class learning will emphasise group activities, live case studies, guest business leaders, site visits and a major action learning project, in addition to interactive lectures. This option is suitable for both international and domestic students in the early to middle stages of career development.

The online option is delivered using a world-class learning environment and provides an MBA opportunity for those managers who are time-challenged within their companies and/or physically located at a distance from our Auckland campus. As such, it is an ideal programme for managers based in regional New Zealand or those offshore seeking a convenient mode of advanced business study in an applied format. The online option is self-paced allowing the student to complete one 15-credit course in every seven-week study cycle with up to five years to attain the MBA degree depending on the student's individual circumstances and available study time. Similar to the full-time option, the learning will include group activities, live case studies, guest speakers and two action learning projects. Each online cohort will also have optional opportunities to come together as a group at various locations within New Zealand. This will enable students to enhance peer-to-peer learning and establish collegial networks.

Note that students who enrol in the Online Option may take some courses from the full-time Option and vice versa. A minimum of three years practical, relevant work experience is required for programme entry to the MBA.

In summary the distinctive features of the MBA programme are:

- ✓ Programme available and all majors/subjects available
- ☐ Some majors/subjects available

- > Option of completing the MBA with one of three specialization choices,
- > Support with career development and employment.
- > Flexibility through the choice of two delivery modes. The online offering of the MBA has a completion period of five years, allowing for flexibility.
- > World-class technology enabled learning.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Available for international students studying in NZ or via distance learning.

CONSTRUCTION

Postgraduate Diploma in Construction (Block Mode)

ENDORSEMENTS: Construction Law; Construction Project Management; Quantity Surveying, Without Specialisation.

If you complete the programme at a satisfactory level you may be able to proceed to the Master of Construction. The structure and format of this 120-credit postgraduate diploma is similar to the Master of Construction, below, but all courses are taught and there is no 45-credit research report.

AVAILABILITY FOR INTERNATIONAL STUDENTS: All endorsements are available for international students studying in NZ

Master of Construction

SUBJECTS: Construction Law; Construction Project Management; Quantity Surveying; Without Specialisation.

Become a world-leading construction specialist, with the Master of Construction. It is the only degree in New Zealand which has a construction law specialisation option. Massey's Master of Construction (MConstr) focuses on building your in-depth knowledge of specific aspects of construction. You will gain from Massey's expertise in related areas such as project management, construction law, or quantity surveying, but always with a construction perspective. This master's degree builds on Massey's Bachelor of Construction majoring in Quantity Surveying or Construction

- ✓ Programme available and all majors/subjects available
- ☐ Some majors/subjects available

Management – the only such bachelor's degree offered among the eight Universities in New Zealand.

You may be working in the construction industry and want to know more about specific aspects of construction. Or you may work in another area (like law) and wish to learn more about related construction specialities such as construction law. This degree will give you specific, tailored, focused learning to help you gain in-depth knowledge in aspects of construction.

Courses are delivered in 'block mode', meaning lectures are usually delivered over four whole days. You will also be expected to engage online in discussion forums throughout the semester and submit assignments online. In addition, you will also conduct a research project of at least 45 credits as part of your study. We encourage you to focus this research on an area relevant to your own career, giving you direct and immediate benefits. If you have come straight from an undergraduate programme you can take advantage of our extensive industry relationships to also develop a relevant project that will enhance your career prospects.

AVAILABILITY FOR INTERNATIONAL STUDENTS: The Construction Law, Construction Project Management, Quantity Surveying and Without Specialisation endorsements are available for international students studying in NZ.

COUNSELLING

Master of Counselling Studies

Massey's Master of Counselling Studies is an advanced professional training programme. You'll develop and apply research-informed knowledge and skills relevant to effective professional counselling practice. You'll also advance your ability to undertake, analyse and use research relevant to your practice and profession. This qualification leads to provisional membership of the New Zealand Association of Counsellors (NZAC). Completion of this programme requires attendance at compulsory block workshops at the Manawātū campus.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Not suitable for international students requiring a NZ study visa

CREATIVE ENTERPRISE

Master of Creative Enterprise

The Master of Creative Enterprise is a unique postgraduate degree for creative practitioners to explore domestic and international market opportunities and the commercial applications of ideas. You'll focus on developing a sustainable career through your artistic practice.

The programme is open to makers across the creative sector, including but not limited to film, TV, music, games, fine art, fashion, industrial design and creative technologies such as AR/VR, hardware and software development. We're also interested in hearing from applicants with creative propositions for events, publishing, curation, promotion and distribution. You will be mentored closely by academics and industry leaders. The applied research and commercialisation components of the programme are aligned with your practice-based courses. Driven by innovation and creativity,

- ✓ Programme available and all majors/subjects available
- ☐ Some majors/subjects available

project development models are iterative in their approach, and are career focused.

You will also have access to a range of world-class facilities including fabrication, recording, film, electronics, motion capture and immersive tech studios and labs to develop prototypes and work.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa.

CREATIVE WRITING

Master of Creative Writing

* Programme includes compulsory contact workshop(s)

The Master of Creative Writing (MCW) is a 180-credit course that can follow on immediately from your bachelor's degree.

Produce your own creative writing to challenge your innovative energies. Discover new ways to unlock ideas and connect with readers. You will work alongside award-winning authors to write your own novels, poems, short stories, plays, scripts, creative non-fiction, or hybrid writing..

This is a Selected Entry programme, based on a portfolio of creative writing. Applications close 31 October prior to the year of study.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Not suitable for international students requiring a NZ study visa

DAIRY SCIENCE AND TECHNOLOGY

Master of Dairy Science and Technology

Admission to the Master of Dairy Science and Technology requires you have been awarded or qualified for either a Bachelor of Engineering with Honours, a Bachelor of Food Technology with Honours, or equivalent, and have approved employment in the New Zealand dairy industry to facilitate the requirements of courses 141.751 Dairy Products Technical Projects and 141.848 Dairy Science and Technology Research Project.

- ✓ Programme available and all majors/subjects available
- ☐ Some majors/subjects available

DESIGN

Bachelor of Design with Honours

MAJORS: Concept Design, Fashion Design; Industrial Design; Integrated Design; Photography; Spatial Design; Textile Design; Visual Communication Design.

The first year explores design practice and its core concepts, methods and applications through hands-on projects. You'll be introduced to a range of disciplines and the generic principles of design through investigation, concept development and design experimentation. In the following years you'll have the opportunity to mix, discuss and collaborate with other students across art, design, music and digital media production. You can tailor your expertise through a range of electives that support your selected major and help define your graduate pathway. In your fourth year you can choose whether to follow the research-based BDes (Hons) or project-based BDes programme: whichever pathway you choose you will push the boundaries of design innovation, consolidate your skills and extend the quality of your final project.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa.

Postgraduate Diploma in Design

SUBJECTS: Fashion Design; Industrial Design; Photography; Spatial Design; Textile Design; Visual Communication Design.

The Postgraduate Diploma in Design (PGDipDes) provides an opportunity for students across the design spectrum to up-skill in creative practice, technologies and theory. When achieved at an appropriate level, it gives students access to the Master of Design or the transdisciplinary MFA for designers and artists. The PGDipDes caters for students in many design disciplines, including fashion design, industrial design, photography, spatial design, textile design and visual communication design.

Note: Applications close on 30 November of the preceding year.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa.

- ✓ Programme available and all majors/subjects available
- ☐ Some majors/subjects available

Master of Design

The Master of Design (MDes) is an advanced research qualification in design, with both 120- and 180-credit options. You will complete a supervised programme of focused design research taking a challenging real-world design problem through to a well-resolved solution. The programme offers expert supervision and critique sessions with your fellow MDes students, but is a self-motivated and independently-driven creative practice-based research project. To make optimum use of the time frame it is preferable that you enter the course with a clear project brief. External connections are important to MDes projects and we expect you to develop strong relationships with your external partners or community of interest, which can include spending time located in their business. For more information about proposals contact: creative.postgrad@massey.ac.nz

Application deadlines

MDes: 15 May (July start) or 30 November (February start).

Industry-partnered projects may start at other times of the year, and according to contracted arrangement.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa.

MASTER OF DESIGN WETA WORKSHOP SCHOOL

The 120-credit Master of Design Weta Workshop School, specialising in Entertainment Design, is designed to give you the tools to create your own imaginary worlds for film, television, and game. The course focuses on developing students' skills in the key areas of idea creation, storytelling, and concept design. In this one-year course, you will expand your technical ability, critical thinking skills, and take on leadership roles in real-world scenarios.

You will undertake and develop your own research and design project, exploring how Entertainment Design works as a tool for creating compelling characters, engaging worlds, and incredible stories. The course culminates with a written research component presented alongside a body of concept design work. For more information see wetaworkshopschool.massey.ac.nz

The application deadline is 30 November (for February start).

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa.

MFA in Design and MFA in Fine Art

The art/design MFA is the College of Creative Arts' premier postgraduate qualification for practising designers and artists. The MFA emphasises the production of original creative work that is research-driven, critically engaged, expertly realised and highly innovative.

Massey offers two ways to do the MFA:

- > Full-time: on campus in Wellington, including postgraduate studio space on site. This takes two years.
- > The MFA has a part-time and/or distance option with permission, which can be done in three or four years. This options is afforded by attendance at four hui each year in the Wellington region and access to mentors and supervisors via online platforms.

Application deadline for all MFA candidates: November 30th (mid-late February start). Late applications will be considered on a case-by-case basis.

For more information contact: creative.postgrad@massey.ac.nz or see creative.massey.ac.nz

- ✓ Programme available and all majors/subjects available
- ☐ Some majors/subjects available

International applications reviewed on a regular basis throughout the year.

See the MFA information on page 27 for more details.

EDUCATION

Postgraduate Certificate in Education

If you already have a bachelor's degree and some professional experience in an educator role, but have a particular subject you'd like to explore in more depth, and want to keep up to date with the latest developments in education theory and practice, this is where you can start a more substantial study programme. You'll learn to apply theory and research, and better understand the complex dimensions of current educational issues, practices and/or policies. You'll learn to reflect on research, and demonstrate skill in analysis, synthesis and evaluation of teaching and learning.

NOTE: If you want to teach at a New Zealand primary or secondary school, you will need to complete either a Graduate Diploma of Teaching or Master of Teaching and Learning.

Postgraduate Diploma in Education

ENDORSEMENTS: Counselling and Guidance; Digital Education; Early Years; Educational Administration and Leadership; Inclusive Education; Literacy Education; Māori Education; Mathematics Education; Teaching and Learning; Without Specialisation.

With Massey's PGDipEd, you'll be distinguished by your ability to critically apply theory and research, and to understand the complex dimensions of current educational issues, practices and/or policies in particular contexts. You'll reflect on research and demonstrate skill in analysis, synthesis and critical evaluation of teaching and learning. Your PGDipEd can be completed with no endorsement allowing you to mix and match from a wide range of courses to suit your interests and needs. It can also be endorsed in a variety of exciting subject areas.

NOTE: If you want to teach at a New Zealand primary or secondary school, you will need to complete a Graduate Diploma of Teaching or Master of Teaching and Learning.

Master of Education

ENDORSEMENTS: Digital Education; Early Years; Educational Administration and Leadership; Inclusive Education; Literacy Education; Māori Education; Mathematics Education; Teaching and Learning; Without Specialisation.

The MEd will update your professional knowledge and qualifications, while exploring new developments and changes in education. You'll learn to critically apply knowledge, theory and research, and better understand the complex dimensions of a range of current educational issues, practices and/or policies.

The MEd will teach you to plan and carry out research that demonstrates a high level of skill in critical analysis, synthesis and critical evaluation of teaching and learning. Then you can apply the skills you've learned to new situations. Such skills will be transferable to a wide range of professional situations.

EDUCATIONAL AND DEVELOPMENTAL PSYCHOLOGY

Postgraduate Certificate in Educational and Developmental Psychology

* Requires attendance at contact workshops

The Postgraduate Certificate in Educational and Developmental Psychology is a bridging qualification leading to professional training in Educational and Developmental Psychology. This qualification is open to students who have been awarded a Master's degree in Education, Psychology, Counselling, Social Work, Speech and Language Therapy, or a related relevant discipline, and who have relevant educational experience. The qualification will also be of significant value to students with a Master's degree in Educational Psychology (or equivalent) from other universities.

This qualification provides an introduction to applied professional practice as an Educational Psychologist. The focus is on development of assessment skills, evidence-based practice, and understanding of professional issues as they relate to professional practice in educational and developmental psychology.

NOTE: Successful completion of the Postgraduate Certificate in Educational and Developmental Psychology will not give automatic entry into the Postgraduate Diploma in Educational and Developmental Psychology. Students are required to go through the selection process for the Postgraduate Diploma in Educational and Developmental Psychology and be offered a place.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Not suitable for international students requiring a NZ study visa

Postgraduate Diploma in Educational and Developmental Psychology

* Requires attendance at compulsory contact workshops

Massey's selected-entry post-masters Postgraduate Diploma in Educational and Developmental Psychology is your pathway to becoming a registered educational psychologist. The one-year full-time internship provides a framework for supervised professional practice. Successful completion of the course will deem you eligible for registration as an educational psychologist with the New Zealand Psychologists' Board.

Within the course, an emphasis is placed on the use of effective solution-based approaches drawing on and integrating Māori and Western psychological, developmental, and educational theory and research. With a strong bi-cultural teaching pedagogy, which embeds Mātauranga Māori, as well as the ability to complete your internship in a variety of internship placements including in schools, Te Whatu Ora (Health New Zealand) Te Aka Whai Ora (Māori Health Authority), with the Ministry of Education or youth justice, you'll develop strong foundations as an educational psychologist in Aotearoa NZ.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Not suitable for international students requiring a NZ study visa

Master of Educational and Developmental Psychology

Massey's Master of Educational and Developmental Psychology will develop your expertise in working with others to enhance well-being for all.

If you're keen to understand your own learning, the multiple dimensions of learners in their formal and informal learning contexts, and the complex environments and settings we learn in, the Master of Educational and Developmental Psychology is for you.

As a leader in education, a teacher, an educator, or someone working in the community, this programme will develop your expertise, understanding and empathy in working alongside others. You'll use contemporary assessment, learning, and change processes and tools. We have a strong bi-cultural programme to represent our context of Aotearoa New Zealand and our inclusive multicultural society.

The programme emphasises the need to apply educational psychology critically to make a positive difference to the lives of children and young people, as well as those who work alongside them. There is a strong focus on 'child voice', learner identity, and young people's rights to be involved in matters that affect them. The programme foregrounds a child's rights focus and adheres to the United Nations Convention on the Rights of the Child (UNCROC).

AVAILABILITY FOR INTERNATIONAL STUDENTS: Not suitable for international students requiring a NZ study visa

EMERGENCY MANAGEMENT

Postgraduate Certificate in Emergency Management

Note: This is primarily an exit programme – students should apply for admission to the Postgraduate Diploma in Emergency Management or the Master of Emergency Management.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Available for international students studying in NZ

Postgraduate Diploma in Emergency Management

The Postgraduate Diploma in Emergency Management (PGDipEmergMgt) is for students who want to broaden their knowledge of disaster prevention and management. It will give you a range of knowledge about theory and research, and practices and policies in emergency management. If you're a mid-to-senior level emergency manager, and are interested in expanding your emergency management competencies, this diploma is for you. It's an advanced coursework degree that builds on the core emergency management knowledge you've gained through industry experience and prerequisite qualifications. You'll build advanced knowledge of emergency management at both operational and strategic levels. You'll work closely with academics, researchers and professionals at the Joint Centre for Disaster Research based at Massey's Wellington campus.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students via Block Mode and also for offshore students via Distance mode.

Master of Emergency Management

With Massey's Master of Emergency Management, you'll learn to become a leader in managing emergencies effectively at operational and strategic levels. Emergency management focuses on organising communities to respond to disasters. It also examines how to survive

- ✓ Programme available and all majors/subjects available
- ☐ Some majors/subjects available

them, rebuild social structures and infrastructure, and sustain and preserve life.

With the Master of Emergency Management you'll gain in-depth knowledge about a range of emergency management issues, as well as practices and policies. The Master of Emergency Management offers coursework and research pathway options. This master's programme will give you skills in:

- > Critical application of theory and research
- > Analysis, synthesis and critical evaluations of disaster risk
- > Crisis leadership and communications
- > Decision making
- > Disaster management policy and procedure.

You'll work closely with academics and researchers at the Joint Centre for Disaster Research; a world leading institution that underpins teaching with rich and contemporary research.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students via Block Mode and also for offshore students via Distance mode.

ENGINEERING

Master of Engineering

SPECIALISATIONS: Chemical and Bioprocess Engineering*; Electronics and Computer Engineering; Mechatronics.

*All subjects except for Chemical and Bioprocess Engineering are available at Auckland. All subjects are available at Manawātū.

The Master of Engineering (ME) (by thesis only) is a 120-credit qualification for students who have completed the BE(Hons) or PGDipE (subject to a minimum GPA requirement). It consists of a thesis to the value of 120 credits.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Available for international students requiring a NZ study visa.

Master of Engineering Studies

SPECIALISATIONS: Electronics and Computer Engineering; Mechatronics; Without Specialisation.

Massey's Master of Engineering Studies (MEngSt) is a high-quality programme, combining taught and research courses at a postgraduate level. It is a 120-credit qualification able to be completed in one year full-time. If you are already working, or your research experience is limited, this qualification will give you the

- ✓ Programme available and all majors/subjects available
- ☐ Some majors/subjects available

knowledge you need to take your career to the next level or pursue more in-depth postgraduate research.

While you will gain a thorough knowledge of the fundamental principles of engineering, the MEngSt emphasises the application of your knowledge to complex real-world industrial problems. You'll be able to tap into Massey's strong relationships with industry to find projects of relevance to you.

The degree will help you gain expertise in an area outside of the focus of your undergraduate qualification, or current employment, or help you progress your career in your area of interest. You can choose from a number of endorsements.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa.

ENVIRONMENTAL MANAGEMENT

Postgraduate Diploma in Environmental Management

The PGDipEnvMgmt is a one-year qualification for those who have already gained an undergraduate qualification and want to extend their knowledge to environmental management issues. You'll gain an understanding of how the natural environment functions, as well as how societal values, needs and attitudes are reconciled with the need to maintain ecological systems.

The PGDipEnvMgmt has a strong applied component, giving you the real-world perspective that employers seek.

We have a large number of international students, attracted by the increasing importance of environmental management as a discipline that addresses the environmental challenges experienced by a growing number of countries. The multicultural nature of the student cohort adds a unique dimension to the learning experience and opens up a global network for students and staff alike.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Available for international students studying in NZ or via distance learning.

Master of Environmental Management

The Master of Environmental Management (MEnvMgmt) is a 180-credit qualification. This means that you can complete this world-class, rigorous and challenging programme in only three semesters, or one and half years.

Massey's environmental management programme reflects the growing need to protect the environment, and use resources of land, water, soil, plants, and animals in a balanced and sustainable way.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Available for international students studying in NZ or via distance learning.

FINANCE

Master of Finance

Massey's Master of Finance (MFin) combines the study of advanced theory with research in a specialised finance area. It is available to students who have completed an undergraduate qualification majoring in finance.

- ✓ Programme available and all majors/subjects available
- ☐ Some majors/subjects available

It offers the same rigorous and prestigious programme as other masters' degrees, yet can be completed in only three semesters (180 credits), over one and half years.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa.

Master of Professional Accountancy and Finance

See page 18 for details.

FINE ARTS

MFA in Fine Arts

The MFA is the College of Creative Arts' premier postgraduate qualification for practising designers and artists. It emphasises the production of original creative work that is research-driven, critically engaged, expertly realised and highly innovative. It supports trans-, multi- or cross-disciplinary practices and media while endorsing the development of specific art and design expertise.

An MFA from the College of Creative Arts offers:

- > A strong programme of lectures, workshops, reading seminars and critiques with international, local, Māori and Pacific visiting artists, designers, musicians, curators and writers.
- > Self-directed research where transdisciplinary conversations and highly focused subject-specific investigations are open to you.
- > Access to staff art and design researchers for supervision and mentoring.
- > A warm, friendly, high-achieving peer learning community.
- > The only MFA outside North America to follow the internationally-recognised US model.
- > Opportunities to attend and present at symposia, conferences, exhibitions, study tours, and festivals locally, nationally and internationally
- > Studio space organised to facilitate individual and collective activities
- > Comprehensive technical expertise and facilities, including two material workshops, a large lighting studio, a substantial photographic lab, test spaces, print room, textile and fashion labs and Australasia's first Fab Lab
- > Access to academic researchers recognised internationally for their innovative creative practices.

Massey offers two ways to do the MFA:

- > Full-time option: on campus in Wellington, including postgraduate studio space on site. This takes two years. Study by distance is possible but should be discussed with coordinators.
- > Part-time and/or by distance option (with permission): can be done in three or four years. This options is afforded by attendance at four hui each year in the Wellington region and access to mentors and supervisors via online platforms.

The MFA begins one week before classes start with an orientation event. Each semester is punctuated by two hui including critiques of work by all students across the two year levels.

Application deadline for all MFA candidates: November 30th (late-February start). Late applications will be considered on a case by case basis.

International applications are reviewed throughout the year.

- ✓ Programme available and all majors/subjects available
- ☐ Some majors/subjects available

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa.

Postgraduate Diploma in Fine Arts

The Postgraduate Diploma in Fine Art provides a unique opportunity for advanced study in contemporary art and an entry point into further Fine Arts postgraduate study at Massey. The programme combines theoretical inquiry with studio-based practice, focusing on identifying, exploring and developing research methods that are relevant to current art practices and enquiry.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa.

FOOD SAFETY AND QUALITY

Master of Food Safety and Quality

With a Master of Food Safety and Quality, you will play a key role in managing food safety and quality in any food manufacturing company, food auditing company or regulatory authority.

Food safety and quality are essential to the success of all food manufacturing companies and critical for New Zealand's economic success. Food manufacturers need absolute confidence in the safety and quality of their products. You can choose to study full time or part time with a programme supported with an on-line learning environment.

Food companies have a growing need for expertise in food safety and quality. If they do not have this expertise themselves, consultants with the relevant qualifications provide them with services.

You could start your own consultancy business. Or to work for the government department overseeing food safety in your country.

The Master in Food Safety and Quality provides practical skills as well as a depth of knowledge. These enable you to manage problems in food manufacturing. You'll also develop preventative tools designed to provide confidence in the quality and safety of food.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students studying in NZ and via distance learning.

FOOD TECHNOLOGY

Master of Food Technology

With a Master of Food Technology (MFoodTech), you can become a research and development champion in the food industry. The world's economies are looking for new ways to add value to raw produce and a MFoodTech degree can give you the skills to do this. There is an increasing demand for people with the research and technical skills you will learn during this qualification.

Once you have gained the research and technical skills, you can apply your knowledge in the commercial world. Your lecturers are actively researching and are experts in their area of research, with many having worked in the New Zealand and international food industries.

After a semester of taught courses, you'll have the practical skills needed to undertake independent research in the food industry. You will then undertake your own large independent research project that focuses on real food industry problems and solutions.

- ✓ Programme available and all majors/subjects available
 ☐ Some majors/subjects available

At Massey you'll have access to real equipment to do research that's applied and practical to the food industry including: Pilot plant equipment, labs equipped to analyse and characterise food texture, rheology, physical properties, chemical composition and microbial flora; a facility to gather consumer data for the sensory properties of food, a post-harvest lab to study the packaging, storage and preservation of fruits and vegetables. Massey has research expertise in meat and fish technology, dairy technology, fruit and vegetables, cereals, food additives and ingredients.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa.

HEALTH

Postgraduate Diploma in Health Science

SUBJECTS: Bioscience; Māori Health; Medical Laboratory Science; Occupational Health and Safety; Psychology; Sport and Exercise; Without Specialisation.

If you have a health-related bachelor's degree and want to take your studies to the next level, the Postgraduate Diploma in Health Science is for you. It is the only postgraduate qualification of its kind in New Zealand that allows you to study both the sciences and the social sciences.

There is a growing need for people to understand and be part of improving our health and well-being needs in today's health industry. Massey's PGDipHlthSc will give you the skills you need to succeed.

This programme's applied and multi-disciplinary approach will help you build your career in any of New Zealand's major health sectors.

You'll get an understanding of the many dimensions of personal health and health care in New Zealand. You'll learn to critically evaluate information about personal health and well-being and community and population health. With a solid grounding in health science, you'll be perfectly placed to contribute to our nation's health from day one in the workplace.

Master of Health Science

SUBJECTS: Bioscience; Māori Health; Medical Laboratory Research; Nursing; Occupational Health and Safety; Psychology; Sport and Exercise.

Through advanced studies in a specialised focus subject, the Master of Health Science offers you an opportunity to pursue research in health sciences. If you have successfully completed an undergraduate degree with a health focus such as a Bachelor of Health Science, Bachelor of Nursing, Bachelor of Sport and Exercise, or any other health-related qualification, then you may wish to consider the Master of Health Science.

HEALTH SERVICE MANAGEMENT

Postgraduate Diploma in Health Service Management

The Postgraduate Diploma in Health Service Management is an advanced programme of professional education for people working in the health and disability sectors who wish to prepare themselves for positions in health service management.

- ✓ Programme available and all majors/subjects available
 ☐ Some majors/subjects available

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students via distance learning

Master of Health Service Management

The Master of Health Service Management is an advanced programme that gives you applied research and other health management skills to enable you to manage contemporary health issues.

Massey lecturers and staff have a wide range of experience in the health industry across the medical, nursing, health informatics, management and policy development areas and in a variety of settings – community care, primary care and secondary care. They are also actively researching. This combination of new thinking and practical relevance makes graduates of this programme highly sought-after.

There are also opportunities to tailor your learning to apply to your own workplace or area of interest.

Your courses may contribute to educational requirements for continuing competence for medical and nursing health professional groups as required under the Health Practitioners Competence Assurance Act 2003.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students via distance learning.

INFORMATION SCIENCES

Postgraduate Diploma in Information Sciences

Topics you can study include: artificial intelligence, computer graphics, computer vision, parallel and distributed computing, operating systems, systems security, data science and user interface design.

The PGDipInfSc is a taught programme, able to be completed in one year full-time. Some courses are available via distance learning. Please contact us for further information.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa.

Master of Information Sciences

In the Master of Information Sciences (MInfSc) you will learn how to apply problem-solving and analytical thinking skills to the analysis of, and solutions to, a range of IT problems. You will gain skills in evaluating policies and processes used in the design, construction, testing and maintenance of advanced technological solutions in order to make informed strategic decisions. This is a taught programme, with a major component an in-depth professional project.

If you study full-time you can complete the MInfSc in three semesters (one and half years). The MInfSc gives you the option to focus on courses in computer science (including topics such as artificial intelligence and graphics) or information technology (including topics such as systems security and user interface design). Alternatively, you have the freedom to mix and match the topics that interest you the most. Topics you can study include: artificial intelligence, computer graphics, computer vision, parallel and

- ✓ Programme available and all majors/subjects available
- Some majors/subjects available

distributed computing, operating systems, systems security, data science and user interface design.

A professional practice project is an important part of this master's degree. You may have the opportunity to be involved in real projects for real companies on real issues that they wish to solve. This experience can lead directly to roles and add substantial value to your résumé when you are seeking employment. Some courses are available via distance learning. Please contact us for further information.

You can also complete a MInfSc (by thesis only). This is a 120-credit research qualification for those who have completed the PGDiplInfSc.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa.

INTELLIGENCE

Postgraduate Certificate in Intelligence

A gateway to many security sector and non-security sector intelligence agencies in New Zealand.

INTERNATIONAL DEVELOPMENT

Postgraduate Certificate in International Development

The Postgraduate Certificate in International Development helps you apply your knowledge to developing policy and strategies and to managing and evaluating international development programmes. You will evaluate contemporary international development theories, policies and approaches and draw out relevant implications from research.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa.

Postgraduate Diploma in International Development

As a Postgraduate Diploma in International Development student you will improve your understanding of how global forces shape the world, and hone the skills you need to help overcome poverty and enhance human well-being. You'll extend your abilities to analyse international development issues, collect relevant data, and write persuasively about development issues. Graduates will be able to apply their knowledge and skills to developing policy and strategies and to managing and evaluating international development programmes. Your PGDiplIntDev is also a pathway to advanced research at master's degree level.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa.

Master of international Development

Admission to the Master of International Development requires you to have a Bachelor of Arts with a major in Development Studies, or equivalent, with a minimum B average across the 200 and 300 level courses. You may also apply if you have any bachelor's degree with a B average across the 200 and 300 level courses along with

- ✓ Programme available and all majors/subjects available
- Some majors/subjects available

relevant field or industry experience of an appropriate kind and duration. You will need to provide your curriculum vitae outlining your experience.

You will learn how global economic, social, political and environmental forces affect people and shape different parts of the world. These insights will allow you to recognise where inequalities lie. You'll identify strategies to help overcome poverty and enhance human well-being.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa.

INTERNATIONAL SECURITY

Postgraduate Certificate in International Security

The Postgraduate Certificate in International Security (PGCertIntlSy) is an option for candidates desiring a 60-credit postgraduate qualification in International Security. Candidates who complete the PGCertIntlSy may also have the opportunity of proceeding to the Postgraduate Diploma in International Security - although it is also possible to enrol in the Postgraduate Diploma or Masters degree directly. If you proceed to one of the higher degrees, the Postgraduate Certificate will not be awarded.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Not suitable for international students requiring a NZ study visa

Postgraduate Diploma in International Security

SPECIALISATIONS: Border and Biosecurity; Counter-Terrorism; Defence; Intelligence; Without Specialisation.

The 120-credit Postgraduate Diploma in International Security (PGDiplIntlSy) is a multidisciplinary programme drawing on security studies, international relations, military studies, political science, area studies, political and human geography, and complementary fields of study. Security management is an increasingly important dimension of government and public policy, with direct benefit to economic security and social well-being. You will learn the principles, theory and practice of international security; gain understanding of inter-agency perspectives; and develop analytical and communications skills appropriate to the security context. You'll also benefit from our close relationships with partner agencies in the security sector. Our committed and supportive staff will encourage you to pursue your intellectual and professional interests. Candidates who complete the PGDiplIntlSy may also have the opportunity of proceeding to the Master of International Security - although it is also possible to enrol in the Masters degree directly.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Not suitable for international students requiring a NZ study visa

Master of International Security

SPECIALISATIONS: Border and Biosecurity, Counter-Terrorism; Defence; Intelligence; Without Specialisation.

The 180-credit Master of International Security (MIntlSy) is a multidisciplinary course of study drawing on security studies, international relations, military studies, political science, area studies, political and human geography, and complementary fields of

- ✓ Programme available and all majors/subjects available
- Some majors/subjects available

study. Security management is an increasingly important dimension of government and public policy, with direct benefit to economic security and social well-being, so your skills will be in demand. You will learn the principles, theory and practice of international security; gain understanding of inter-agency perspectives; and develop analytical and communications skills appropriate to the security context. You will also benefit from our close relationships with partner agencies in the security sector. To complete this degree, you will also carry out independent research in a security context, enabling you to develop your own area of specialisation.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Not suitable for international students requiring a NZ study visa

JOURNALISM

Postgraduate Diploma in Journalism

The Postgraduate Diploma in Journalism is based on leading overseas journalism qualifications. For those wishing to enter the industry, it will build a firm foundation for an exciting career in journalism, including an established internship programme with all major news organisations. Other students, such as experienced journalists or those wishing to develop specialist skills, can choose from a menu of courses that build advanced capability in audio-visual journalism (including TV and radio), data and investigative journalism, management, analytics, finance or marketing.

This programme can be taken as a stand-alone qualification, or – with the addition of another 60 credits – earn you a Master of Management (Journalism). It can also be taken part-time, or by distance. This will give you a well-recognised international qualification opening you to a career in management or elsewhere.

The Massey journalism programme enjoys a close working relationship with the country's leading news organisations. We are proud of our graduate employment record. Virtually all the graduates of the programme obtain jobs in journalism. Many of our graduates are now top journalists at Stuff, TVNZ, NZ Herald, Newshub, Radio NZ, Newsroom, and others have gone on to work at leading overseas news organisations such as the BBC, CNN, Reuters, ABC and more.

Massey's lecturers are experienced journalists, teachers and researchers. The Massey University course is internationally-recognised. It is the only journalism school in New Zealand or Australia accredited by leading US agency ACEJMC, which accredits leading US journalism schools such as Columbia and Missouri.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa.

LEARNING SUPPORT

Postgraduate Certificate in Learning Support

The Postgraduate Certificate in Learning Support integrates theory and practice to explore key aspects of the Learning Support coordinator (LSC) and Special Education Needs Coordinator (SENCo) role. It will extend your knowledge, skills and networks and provide

- ✓ Programme available and all majors/subjects available
- Some majors/subjects available

you with a space to learn with, from and about other LSC and SENCo throughout New Zealand.

Postgraduate Diploma in Learning Support

The Postgraduate Diploma in Learning Support integrates theory and practice to explore key aspects of the Learning Support coordinator (LSC) and Special Education Needs Coordinator (SENCo) role. It will extend your knowledge, skills and networks and provide you with a space to learn with, from and about other LSC and SENCo throughout New Zealand.

LINGUISTICS (APPLIED)

Postgraduate Certificate in Applied Linguistics

Students must have a completed Bachelor's degree and at least one full-time year of relevant teaching experience (or equivalent).

AVAILABILITY FOR INTERNATIONAL STUDENTS: Not suitable for international students requiring a NZ study visa

Postgraduate Diploma in Applied Linguistics

The Postgraduate Diploma in Applied Linguistics (PGDipAppLing) provides professionals in TESOL and all other areas of language teaching with a qualification meeting the specific combination of professional and research needs that has become increasingly important in both domestic and international settings.

Students in applied linguistics will use the theories, methods and problem-based approaches that address real-world language issues relating to second language acquisition and language use in an increasingly globalised and digitally-mediated world. Explore areas such as contextually-relevant teaching of languages, reflective practices to enhance teaching and learning, and the sociocultural demands of language learning and teaching. Learn from distinguished educators who have researched in areas such as online second language communities, distance/online language learning, sociocultural adjustment of international students and their teachers to their presence in New Zealand universities, language learning and emotion, bi/multilingualism and oral proficiency, heritage language learning and mother tongue maintenance.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa.

Master of Applied Linguistics

SUBJECTS: Teaching English to Speakers of Other Languages; Without Specialisation.

The Master of Applied Linguistics (MAppling) will enhance your knowledge and skills in the teaching, learning and use of language in a global multilingual world. It will equip you with a critical understanding of theory and practice in the field of applied linguistics. The MAppling provides professionals in all areas of TESOL and other second language teaching with a qualification that meets their specific combination of professional and research needs.

You'll use theories, methods and problem-based approaches that address real-world language issues. The programme focuses on

- ✓ Programme available and all majors/subjects available
- ☐ Some majors/subjects available

second-language acquisition and language use in an increasingly globalised and digitally-mediated world. Massey's research strengths include: heritage language learning; mother tongue maintenance; online second language communities; distance/online language learning; sociocultural adjustment of international students and their teachers to their presence in New Zealand universities; language learning and emotion; bi/multilingualism; oral proficiency; teaching and assessment; language education policy.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa.

TOIOHO KI ĀPITI MĀORI VISUAL ARTS

Postgraduate Diploma in Māori Visual Arts

The Postgraduate Diploma in Māori Visual Arts (PGDipMVA) is for students who already possess a qualification in Māori art or who can demonstrate equivalent expertise. It is a stepping-stone to the Master of Māori Visual Arts (MMVA). Most aspiring master's students first enrol in the postgraduate diploma, then transfer to the MMVA after a year if they achieve the required grade (B average or above).

Toioho ki Āpiti (Māori Visual Arts programme), welcomes all indigenous and non-Māori artists by encouraging engagement in research and applied practices relevant to individual cultural contexts. International students thinking of studying MVA at Massey should contact Massey's International Office for information about visa applications and other processes.

In the PGDipMVA, you will balance independent creative work in the studio with learning in Māori studies or museum studies. Students who have more than 10 years of exhibition practice can apply to undertake a studio-only postgraduate diploma; just talk to us about your situation.

The Māori Visual Arts programme embraces both customary practices from carving to weaving to kowhaiwhai, and contemporary practice. The work produced at Toioho ki Āpiti addresses critical questions about identity and visual culture and exists at the interface of 'western' and 'indigenous' art. Students can study on campus, with studio space provided, or by distance. Full-time and part-time options are available, so you can fit study around work and whānau commitments.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa.

Master of Māori Visual Arts

The Master of Māori Visual Arts (MMVA) is a postgraduate research qualification. Many of New Zealand's most respected Māori artists have completed their Master's with Toioho ki Āpiti, while more recent graduates are attracting recognition as emerging talents. The programme welcomes all indigenous and non-Māori artists by encouraging engagement in research and applied practices relevant to individual cultural contexts.

As a MMVA student, you will spend most of your time conceiving and making art, in a kaupapa Māori environment. Students pursue an individually designed programme of advanced studio practice

- ✓ Programme available and all majors/subjects available
- ☐ Some majors/subjects available

in Māori or indigenous visual culture related to who they are (whakapapa) as well as their personal strengths and interests. The objective is to realise an individually conceived body of work that allows for the design and/or coordination of an exhibition.

You can study a broad range of media and ideas, in a way that fits with your other work or whānau commitments.

Most students enrol in a PGDipMVA, and transfer to the Master's programme for the second year if they achieve the required B grade or above. Students spend most of their time in studio, but may include courses from Māori studies or museum studies. This is an advanced research qualification, so even students doing a studio-only Master's degree will be required to submit an exhibition report.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa.

MUSEUM STUDIES

Postgraduate Diploma in Museum Studies

Massey's Postgraduate Diploma in Museum Studies (PGDipMusStud) will prepare you to meet the challenges of cultural organisations, contemporary museums, galleries and indigenous cultural centres face in maintaining heritage collections and delivering high quality services to communities.

Your PGDipMusStud can be a bridge between previous academic study and professional work in a museum, gallery or other cultural or heritage organisation. It can also be a pathway to more advanced study at master's and doctoral degree level. You'll advance your knowledge of and abilities in heritage management and bi-cultural practices in the heritage sector, and build experience in problem solving and working in interdisciplinary teams.

All qualifications are available to New Zealanders living overseas.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa

MUSIC

Bachelor of Commercial Music with Honours

Refine your specialist music skills with postgraduate study in Commercial Music. Performer, creator, tour manager, entrepreneur, technologist – whatever your jam, we'll help you go further.

This one-year Honours programme gives you the opportunity to build on your achievements in the Bachelor of Commercial Music and develop a major project, setting you up for an industry career or further research. The Bachelor of Commercial Music (Honours) will give you the research skills and qualification to proceed with Masters or PhD study. Drive your own project from conception to completion

- ✓ Programme available and all majors/subjects available
- Some majors/subjects available

and make use of our world-class studio and fabrication facilities under the supervision of our expert staff.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students studying in NZ

NURSING

Postgraduate Certificate in Nursing

NOTE: Postgraduate courses in Nursing are delivered via Distance Learning. Some courses may require face-to-face teaching in on-campus contact workshops. Please check course requirements on the website by searching the course number on the main Massey home page. The Postgraduate Certificate in Nursing (PGCertNurs) enables registered nurses to undertake clinical courses at postgraduate level, and develop their professional practice within a clinical speciality. It can be a stepping-stone to the Postgraduate Diploma in Nursing or a Master of Nursing, or preparation for advanced practice roles and/or Nurse Practitioner registration.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Not suitable for international students requiring a NZ study visa

Postgraduate Diploma in Nursing

NOTE: Postgraduate courses in Nursing are delivered via Distance Learning. Some courses may require face-to-face teaching in on-campus contact workshops. Please check course requirements on the website by searching the course number on the main Massey home page.

The Postgraduate Diploma in Nursing (PGDipNurs) will prepare you for an advanced role in the New Zealand healthcare system. It advances the practice of registered nurses and prepares them for further development towards senior nursing roles.

The Registered Nurse prescribing pathway is approved by the Nursing Council and meets the education requirements for authorisation with the Council as a designated prescriber. Most nurses undertaking postgraduate study are in clinical practice, and study part-time.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Not suitable for international students requiring a NZ study visa.

- ✓ Programme available and all majors/subjects available
- Some majors/subjects available

Master of Nursing

NOTE: Postgraduate courses in Nursing are delivered via Distance Learning. Some courses may require face-to-face teaching in on-campus contact workshops. Please check course requirements on the website by searching the course number on the main Massey home page. The Master of Nursing (MN) is a clinical nursing pathway for NZ registered nurses. The MN gives you the ability to gain advanced clinical specialty knowledge within your chosen area of practice and/or prepares you for senior roles, including clinical nurse educator, clinical nurse specialist or a Nurse Practitioner role. The Nurse Practitioner (NP) pathway is approved by the Nursing Council of New Zealand and meets the education requirements for registration as a NP. Students wanting to follow this pathway complete part one of the Master of Nursing and finish with the 800 level Prescribing and Advanced Assessment Practice for Nurse Practitioners course.

Through study in the Master of Nursing registered nurses continue to develop advanced knowledge and skills in their field of expertise. You'll study a mix of theoretical and clinical courses, and learn from academics and professional clinicians who are highly experienced registered nurses and Nurse Practitioners. You can come into the MN with a Nursing PGCert or PGDip, but these courses must align with the compulsory courses outlined in the regulations. Most nurses undertaking postgraduate study are in clinical practice, and study part-time.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Not suitable for international students requiring a NZ study visa.

Master of Clinical Practice (Nursing)

*Delivered via on-campus block courses, clinical placements, and incorporating some distance learning

Massey's Master of Clinical Practice (Nursing) is a vocationally-focused programme that is a postgraduate pathway to becoming a registered nurse. Your studies will be similar to the Bachelor of Nursing programme to ensure that you will meet the required Nursing Council of New Zealand (NCNZ) competencies to become a registered nurse. However, as this programme is at masters level, two of your courses will be at 800 level, building on your previous qualifications and experience, to further develop your critical thinking and engagement with professional practice and contexts. All in just two years of full-time study. As a graduate, you can go on to more postgraduate study to become a nurse specialist with prescribing rights or a nurse practitioner. You could also undertake a PhD in Nursing. You will complete a minimum of 1100 clinical placement hours in a range of health care settings under the supervision and guidance of a registered nurse. In your last semester, you will have a continuous 12 week placement within a health care setting. Clinical placements and learning take place in many different settings that include surgical, emergency, medical, mental health and primary care services.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Not suitable for international students.

PHILOSOPHY

Doctor of Philosophy

The Doctoral programme is open to academically capable students who have achieved First Class Honours/Distinction or Second Class Honours (Division I) in a master's or bachelor's with honours programme.

Candidates complete a PhD by thesis. Programmes are expected to take four years of full-time study, or up to six years of part-time study.

Options for research within this are:

- > Doctor of Philosophy (Business School)
- > Doctor of Philosophy (Creative Arts)
- > Doctor of Philosophy (Humanities and Social Sciences)
- > Doctor of Philosophy (Health)
- > Doctor of Philosophy Sciences)

See page 13 for more information about Massey's doctorates.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa

PLANNING

Postgraduate Certificate in Planning

The Postgraduate Certificate in Planning can be undertaken as a stand-alone qualification or as the first part of the Postgraduate Diploma in Planning. When you graduate from this programme, you could have the opportunity to go on to the Postgraduate Diploma in Planning or the internationally-recognised professional qualification; the Master of Resource and Environmental Planning..

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa

Postgraduate Diploma in Planning

The Postgraduate Diploma in Planning (PGDipPlan) is well recognised in the profession. The qualification can be used to staircase to the Master of Resource and Environmental Planning.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa.

Master of Resource and Environmental Planning

Shape the places where we live, work and play, and become a top-quality planning professional with a Master of Resource and Environmental Planning (MRP). As a planner, you could work in a diverse range of workplaces. You'll gain perspectives on planning for both the natural and urban environment, making you a well-rounded professional, able to use your skills anywhere – including overseas. The MRP has a strong emphasis on developing critical skills that will ensure you can respond to the rapid change in our political, urban and resource environments. The knowledge and skills you develop will help future-proof your career.

Massey's MRP is accredited by the New Zealand Planning Institute and is recognised internationally. You'll learn from staff who are planning practitioners and leaders in their chosen research fields. The MRP is the only accredited planning degree you can do wherever you live. You can study in block mode and by distance learning using

Massey's online learning platform, Stream. Most students complete their degree while in the workplace, reducing the financial strain of making a career change.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa.

PSYCHOLOGY

Postgraduate Diploma in Psychological Practice

The Postgraduate Diploma in Psychological Practice is a competitive-entry professional qualification that enables you to meet the competency requirements for the Psychologist Scope of Practice under the Health Practitioners Competence Assurance Act (2003) and practice independently as a registered Psychologist. Registered Psychologists work in diverse psychologist roles and settings. This programme is ideal for mature students who have relevant workplace experience and academic preparation matched to their intended career-path. The Postgraduate Diploma in Psychological Practice is available as a distance programme and is a post-masters qualification.

Note: Applications must be with the School of Psychology no later than 1 September of the preceding year. No late applications will be accepted. Admission to the programme is via selected entry, and highly competitive.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Available only to students able to live and work in New Zealand.

Master of Clinical Psychology

The Master of Clinical Psychology (MClinPsych) is a competitive-entry professional qualification that enables you to meet the competency requirements for the clinical scope of practice under the Health Practitioners Competencies Assurance Act (2003) and practice independently as a Clinical Psychologist. The Master of Clinical Psychology is a post-masters qualification.

Note: Applications must be with the School of Psychology no later than 1 September of the preceding year. No late applications will be accepted.

For full-time students the minimum period of enrolment will be two years (24 months) and the maximum will be three years (36 months). Under exceptional circumstances a programme of four years (48 months) may be approved, subject to approval of the Director of Clinical Training and the Head of School. Admission to the programme is via selected entry, and highly competitive.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Not suitable for international students requiring a NZ study visa

Doctor of Clinical Psychology

The Doctor of Clinical Psychology is a competitive-entry professional qualification that prepares you to integrate practice and research in your career as a clinical psychologist. It meets the competency requirements for registration as a Psychologist under the Clinical scope of practice. It is internationally recognised, and market-leading in New Zealand

- ✓ Programme available and all majors/subjects available
- ☐ Some majors/subjects available

Massey graduates more researchers and clinical psychologists than any other university in New Zealand. We're connected to a wide range of community and statutory organisations, and produce unique and applied psychology research and training that's recognised nationally and internationally. This expertise enhances the reputation of your degree and ensures your knowledge is relevant to today's society.

Admission to the programme is via selected entry, and highly competitive.

Note: Applications must be with the School of Psychology no later than 1 September of the preceding year. No late applications will be accepted.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Not suitable for international students requiring a NZ study visa

PUBLIC HEALTH

Postgraduate Diploma in Public Health

The Postgraduate Diploma of Public Health (PGDipPH) is the first 120 credits (one year, full time) of the 180 credit Master of Public Health. It is designed to develop the core public health competencies recognised in Aotearoa New Zealand and internationally as essential for advanced public health practice.

The PGDipPH will give you a critical awareness of the key determinants of population health and contemporary public health challenges in Aotearoa NZ and globally. You will learn about evidence- and equity-based approaches in disease prevention, health promotion, and health protection. The programme will develop your skills in solution-focused practice and attune you to socio-ecological and Te Tiriti o Waitangi-led approaches. You'll develop your ability to collaborate and partner across communities, disciplines and sectors. As a graduate you will be able to effectively assess, plan, implement and critically evaluate public health action.

You can study by distance, either part time or full time. Graduates of the PGDipPH can do a further 60-credits of research and praxis to complete a Master of Public Health. If you are a health professional, policy maker, community worker or researcher, you will benefit from the unique shared learning opportunities.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Not suitable for international students requiring a NZ study visa.

Master of Public Health

The Master of Public Health (MPH) is a 180 credit programme that develops specialised public health competencies. The MPH will give you a critical awareness of the key determinants of population health and contemporary public health challenges in Aotearoa NZ and globally. You will learn about evidence- and equity-based approaches in disease prevention, health promotion, and health protection. The programme will develop your skills in solution-focused practice and attune you to socio-ecological and Te Tiriti o Waitangi-led approaches. You'll develop your ability to collaborate and partner across communities, disciplines and sectors. As a graduate you will be able to effectively assess, plan, implement and critically evaluate public health action.

MPH students complete a capstone practicum (a work-integrated internship) within a public health work environment. You will also

- ✓ Programme available and all majors/subjects available
- ☐ Some majors/subjects available

contribute to scholarly inquiry through completion of a research project. Your praxis and research project will be relevant to your interests and supervised by our team of public health researchers.

You can study by distance, either part time or full time. If you are a health professional, policy maker, community worker or researcher, you will benefit from the unique shared learning opportunities.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Not suitable for international students requiring a NZ study visa

QUALITY SYSTEMS

Postgraduate Diploma in Quality Systems (Block Mode)

You will benefit from your lecturers' real-world experience and continual involvement in research and academic debate around key quality issues. Award-winning, they are widely published in key international journals, including a staff member who is an associate editor of the international journal Total Quality Management and Business Excellence. Their experience includes senior roles in industries as varied as oil and gas, engineering, IT, the electrical utility industry, project management and – of course – quality assurance.

The Diploma is fully aligned to the Masters, when students achieve the necessary grades they can transfer directly to the Masters and complete via the addition of a research report.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa.

Master of Quality Systems (Block mode)

Massey University offers the only quality management tertiary qualifications in Australasia. The MQS is endorsed by the New Zealand Organisation for Quality (NZOQ) and the UK Chartered Quality Institute (CQI).

Massey's Master of Quality Systems (MQS) programme focuses on developing critical awareness of and expertise in the following areas:

- > Quality management and its component aspects (inspection, quality control, assurance and continual improvement).
- > Contemporary quality thinking and methods including ISO systems, statistical thinking, systems thinking, Business Excellence, lean and six sigma improvement.
- > The application of management theory to quality systems.
- > Ability to conduct self-directed research in an aspect of quality management theory or practice.
- > Research methods.
- > Management of people undertaking quality projects and the people-related aspects of quality programme implementation.

A research methods course gives you the skills to undertake scientific research, followed by your own in-depth research report on an area of interest to you. The latter can be taken via distance or at Auckland and Manawātū.

The MQS is 180 credits, which means you can now complete this qualification in 1.5 years of full-time study. The 180 credits incorporate the Postgraduate Diploma-level qualification, which is a possible exit point after 120 credits are obtained. If you study part-time the qualification takes between 2.5 and five years.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa.

SCIENCE

Bachelor of Science (Honours) □ □ □

SUBJECT: Psychology

The BSc (Hons) is a prestigious qualification that students frequently pursue when aspiring to a research or academic career and planning to undertake doctoral study. It can also be used as a final qualification. Generally, the course is three quarters taught courses and one quarter supervised research.

As a separate qualification of advanced courses and research in the major subject taken in the BSc, the honours programme can lead to a Master of Science by thesis only.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Not suitable for international students requiring a NZ study visa

Postgraduate Diploma in Science and Technology □ □ □

ENDORSEMENTS: Agricultural Science; Animal Science; Biological Sciences; Conservation Biology; Earth Science; Horticultural Science; Plant Breeding; Psychology; Zoology; Without Specialisation.

The Postgraduate Diploma in Science and Technology (PGDipScTech) allows you to complete courses at 700 level in a specific area. You may have the opportunity to proceed to a master's programme on completion of the PGDipScTech, dependent upon achievement and in consultation with the relevant programme coordinator or Head of Institute/School.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa.

Master of Science □ □ □

SUBJECTS: Agricultural Science; Animal Science; Biological Sciences; Chemistry; Conservation Biology; Earth Science; Ecology; Horticultural Science; Human Nutrition; Mathematics; Nutrition and Dietetics; Plant Breeding; Psychology; Psychology - Health Psychology; Statistics; Zoology.

Massey's Master of Science (MSc) will give you the knowledge and skills you need to gain a more in-depth understanding of an area of scientific study and advance your career. When you graduate with a MSc you will have learned how to work at a high level of academic achievement, work to deadlines under pressure and communicate effectively. Massey's MSc is a 180-credit master's degree (some subjects require 240 credits). The 180-credit master's degree offers a rigorous programme of learning yet can be achieved in 1.5 years.

MASTER OF SCIENCE 120 CREDIT

The MSc (by thesis only) is a 120-credit qualification for students who have completed the Bachelor of Science (Honours) or PGDipScTech. It consists of a thesis to the value of 120 credits.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa.

SCREEN ARTS

Bachelor of Screen Arts (Honours) ✓

Push your production skills to the next level with postgraduate study in Bachelor of Screen Arts. This one-year Honours programme gives you the opportunity to build on your achievements in the Bachelor of Creative Production and develop a major project in the field of your choice. Drive your own project from conception to completion under the expert supervision of our industry-connected staff. It could be a short film, video game, mixed reality experience or whatever you can imagine.

Make use of our world-class facilities and gear: 5K cameras, lighting and audio kits, MOCAP array, 360 cameras and green screens.

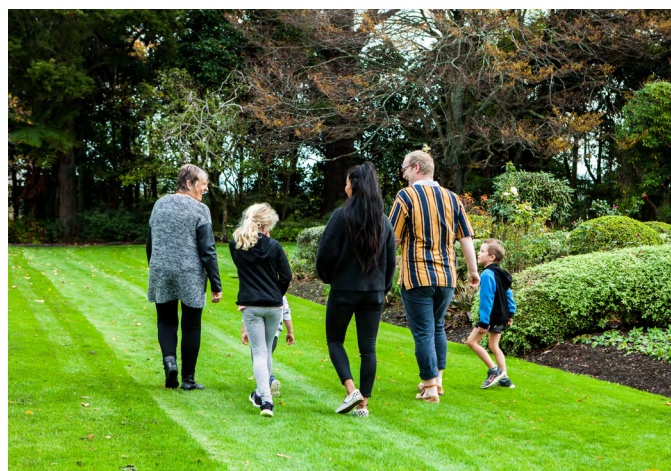

Develop advanced research skills and understand critically how your work fits in a landscape of film, entertainment and new media. You'll produce a short thesis or exegesis alongside your independent project.

Stand out in the booming film, entertainment and new media markets as an independent innovator with a critical understanding of the industry. With your advanced screen arts production skills you might leave your Honours year with a film ready for the festival circuit, with a game ready to launch on mobile, or as an experienced producer ready for a job in a major studio. Future focused and driven by new technology, the degree emphasises originality, innovation and critical thought, and is led by practicing designer/academics who are industry experts. With an emphasis on production skills, students will develop screen arts projects from initial concept and narratives to completed, distributable work.

This degree will also equip you with the research skills and qualification to progress to further postgraduate study including PhD study.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa.

SOCIAL WORK

Postgraduate Certificate and Postgraduate Diploma in Social Work ✓

The Postgraduate Certificate (two courses) and Postgraduate Diploma (four courses) in Social Work meets an increasing

- ✓ Programme available and all majors/subjects available
- Some majors/subjects available

professional demand for a post-qualifying pathway for professionally qualified social workers. Massey offers post-qualifying social work courses by distance, so you can study wherever you like, to fit in with your other commitments.

You'll learn to read and appraise the latest social work research, and master methodological and theoretical issues and research methods. You'll also deepen your knowledge of cultural competence as it relates to research and practice principles with Māori and other diverse cultural groups.

The programme will prepare you for leadership in specific areas of social work practice through the dissemination of information in workplaces and through clinical supervision and mentoring of students and beginning practitioners.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Not suitable for international students requiring a NZ study visa

Master of Applied Social Work

*The Distance Learning option requires attendance at contact workshops.

The Master of Applied Social Work (MApplSW) will prepare you for practice and registration as a social worker in New Zealand and many other countries. The course conforms to national and international guidelines by including two different supervised field experiences. This 240-credit master's degree is designed for students who have a bachelor's degree in a field other than social work but wish to change careers or move straight on from completing a bachelor's degree to a professional qualification.

You'll benefit from our research-informed, research-leading, forward-thinking and academically credible programmes. They'll help you contribute to knowledge-building in Aotearoa New Zealand and internationally.

MApplSW students should read and note the 'fit and proper' requirements on the Social Workers Registration Board website. All MApplSW students will be vetted by the New Zealand Police (and/or equivalent overseas jurisdiction) A police record may not be a barrier to field placement, but full disclosure of any convictions in New Zealand and/or overseas is essential. All students will be required to meet screening in relation to the Vulnerable Children's Act requirements. All students must have a current full driving licence valid in New Zealand by the start of their field placements (with exceptions available for those unable to attain a driver's license).

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa

Master of Social Work

Excellent social workers are always striving to gain new knowledge. The Master of Social Work (MSW) is the right programme for you if you already have a professional qualification in social work and want to improve and grow your practice. The MSW programme is intended for practitioners who wish to undertake advanced study of a specific aspect of social and community work. The MSW is flexible and offers you opportunities for both full and part-time study.

The MSW is a thesis-based programme that encourages social workers to pursue research in a particular field of practice, population, or area of interest. It equips social workers to develop

- ✓ Programme available and all majors/subjects available
- Some majors/subjects available

and use research skills in their practice settings and keep current with the very latest theories and practice.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Not suitable for international students requiring a NZ study visa

Doctor of Social Work

Massey's Doctor of Social Work (DSW) is the first social work doctorate offered in New Zealand, and is recognised internationally. The DSW is designed to advance your social work and social development knowledge at local, national and international levels. The DSW is not the same as a PhD. It consists of a combination of course work or courses and a 65,000-word research thesis. A Doctor of Philosophy or PhD is achieved solely through a research thesis of 100,000 words. The DSW offers you a curriculum designed to reflect the latest international developments in social work, social development theory and practice. You can be confident you are delivering state-of-the-art solutions.

The DSW is offered both full-time and part-time so you can fit study in with your other commitments. Students can expect to study four years full-time, or up to six years part-time. Class work will take up to two years, before beginning your thesis.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Not suitable for international students requiring a NZ study visa

SPECIALIST TEACHING

Postgraduate Certificate in Specialist Teaching

* This programme is offered in a blended mode including online delivery and compulsory block workshops.

The Postgraduate Certificate in Specialist Teaching (PGCertSpTchg) will give you advanced study to graduate as a specialist resource teacher. Deepen your knowledge of inclusive education, equity and learning support as an inter-professional field of practice by becoming a specialist resource teacher in the areas of: Blind and Low Vision, Complex Educational Needs, Deaf and Hard of Hearing, Early Intervention, Gifted, or Learning and Behaviour (with neurodiversity woven throughout). You'll extend your confidence and competence in supporting all learners by working collaboratively within a wider team of professional practice and expand your knowledge and skills in inquiry-based, evidence-informed, inter-professional and culturally sustaining practices.

The qualification consists of two compulsory courses: ST: Theory and Practice; and ST: Professional Learning Pathways. The inter-professional approach allows specialist teachers in inclusive education to learn with, from and about one another within a community of practice

AVAILABILITY FOR INTERNATIONAL STUDENTS: Not suitable for international students requiring a NZ study visa

Postgraduate Diploma in Specialist Teaching

*This programme is offered in a blended mode including online delivery and compulsory block workshops.

- ✓ Programme available and all majors/subjects available
- ☐ Some majors/subjects available

ENDORSEMENTS: Blind and Low Vision; Complex Educational Needs; Deaf and Hard of Hearing; Early Intervention, Gifted Education; Learning and Behaviour; Te Korowai Mokopuna

The Postgraduate Diploma in Specialist Teaching gives you advanced theoretical and evidence-based study of inclusive education, equity and learning support. The programme adopts an inquiry-based, inter-professional and culturally sustaining education approach using local and national networks and 21st century pedagogies.

There are six specialist endorsement areas, with neurodiversity woven throughout. The qualification consists of four compulsory courses: ST: Theory and Practice; ST: Professional Learning Pathways; ST: Practicum, and ST: Community-based Practice

The inter-professional approach allows specialist teachers in inclusive education to learn with, from and about each other within a community of practice.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Not suitable for international students requiring a NZ study visa

Master of Specialist Teaching

* This programme is offered in a blended mode including online delivery and compulsory block workshops.

SPECIALISATIONS: Advisor on Deaf Children; Blind and Low Vision; Complex Educational Needs; Deaf and Hard of Hearing; Early Intervention; Gifted Education; Learning and Behaviour, and Without Specialisation.

If you're keen to work with diverse learners and their teachers, a Master of Specialist Teaching (MSpecTchg) is for you. You will apply your knowledge and skills in diverse cultural contexts, undertaking practice-based research and advanced study within your specialist teaching area.

We combine a range of evidence-informed, culturally sustaining and 21st century learning options for all students including digital and face-to-face pedagogical practices to make it easier for you to study from anywhere and to integrate your learning and practice. You can complete the 180-credit MSpecTchg in three years of part-time study.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Not suitable for international students requiring a NZ study visa

SPEECH AND LANGUAGE THERAPY

Postgraduate Certificate in Speech and Language Therapy

The Postgraduate Certificate in Speech and Language Therapy provides qualified speech and language therapists with the opportunity to develop the skills needed to independently analyse, appraise and synthesise research. You'll learn to consider the relevance and application of research to the socio-cultural context of the individuals you support. You'll reflect on your own practice and apply your new knowledge. This will enable you to provide quality clinical services to individuals in the community; remain competitive as future professional advances occur in the field; and gain the expertise to apply for research degrees. You can follow your interests in specialist areas that reflect your individual passions, client caseloads and/or future career aspirations. Our programme is

- ✓ Programme available and all majors/subjects available
- ☐ Some majors/subjects available

very flexible with options for studying full-time or part-time. It is also possible to study by distance.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students studying in New Zealand or via distance learning.

Postgraduate Diploma in Speech and Language Therapy

This Postgraduate Diploma provides qualified speech and language therapists with the opportunity to develop the skills needed to independently analyse, appraise and synthesise research. You'll learn to consider the relevance and application of research to the socio-cultural context of the individuals you support, reflect on your own practice and apply your new knowledge. You'll also explore theoretical models and develop your knowledge of research methodologies. This will enable you to provide quality clinical services to individuals in the community and remain competitive as future professional advances occur in the field. The development of a research proposal will provide you with a strong platform for advancing to the Master of Speech and Language Therapy degree. You can follow your interests in specialist areas that reflect your individual passions, client caseloads, and/or future career aspirations. Our programme is very flexible, with options for studying full-time or part-time. It is also possible to study by distance.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students studying in New Zealand or via distance learning.

Master of Speech and Language Therapy

The Master of Speech and Language Therapy (MSPchLangTher) provides qualified speech and language therapists with opportunities for advanced clinical and theoretical study. You'll develop expertise in core areas such as evidence-based practice and research methods. This will prepare you to use and add to the knowledge base in speech and language therapy. The qualification consists of two pathways. The professional pathway involves the completion of 120 credits of coursework plus a 60-credit professional inquiry. The research pathway involves the completion of 60 credits of coursework plus a 120-credit thesis. Our programme is very flexible, with options for studying full-time or part-time. It is also possible to study by distance. Applicants with a Bachelor of Speech and Language Therapy (Honours) degree or equivalent, with at least a B grade average, are eligible to reduce the amount of coursework required by

- ✓ Programme available and all majors/subjects available
- Some majors/subjects available

60-credits. For students in the research pathway, this means that you can advance directly into the thesis component of the degree. It is possible to enrol in the thesis mid-year.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students studying in New Zealand or via distance learning.

SUPPLY CHAIN MANAGEMENT

Postgraduate Diploma in Supply Chain Management (Block mode) ✓

The Postgraduate Diploma provides up-to-date specialised knowledge directly relevant for the workplace. The courses are taught by experienced supply chain executives and internationally renowned experts. The Postgraduate Diploma is flexible to suit both working professionals and full time students.

The management of supply chain relationships and optimization of global logistics are paramount to business success. Firms are constantly searching for innovative ways to enhance their value offerings hence many have come to realise the importance of capable supply chain professionals.

The Diploma is fully aligned to the Master's, when students achieve the necessary grades they can transfer directly to the Masters and complete via the addition of a research report.

NOTE: Suitable for international students requiring NZ study visa.

Master of Supply Chain Management (Block mode) ✓

The Master of Supply Chain Management (MSCM) is available at Auckland, and the research report course is also available by distance and at Manawātū.

The Master of Supply Chain Management is Massey's most advanced qualification in the discipline. Graduates are equipped with a comprehensive understanding of supply chain concepts. The programme is designed to help students develop independent learning skills and a critical perspective. Graduates acquire the ability to rigorously solve complex problems and articulate insights to a range of stakeholders.

A research methods course gives you the skills to undertake scientific research, followed by your own in-depth research report on an area of interest to you.

The MSCM is 180 credits, which means you can now complete this qualification in 1.5 years of full-time study. The 180 credits incorporate the postgraduate diploma-level qualification, which is a possible exit point after 120 credits are obtained. If you study part-time the qualification takes between 2.5 and 5 years.

NOTE: Suitable for international students requiring NZ study visa

SUSTAINABILITY

Master of Sustainable Development Goals ✓✓

SUBJECTS: Business and Sustainability, Economics for Sustainability; Disaster Management, Environmental Sustainability, Global Development; Peace and Security

- ✓ Programme available and all majors/subjects available
- Some majors/subjects available

The Master of Sustainable Development Goals is a new 180-credit taught degree focusing on the theory and practice of the United Nations Sustainable Development Goals (SDGs). The programme addresses the most pressing imperative facing humanity and the planet: sustainability. This degree is unique in Australasia. It presents a unique opportunity to showcase Pacific and Indigenous paradigms of sustainability as alternatives to dominant western paradigms.

The SDGs are the UN's ambitious macro-level plan for humankind's development and sustainability. The goals address global challenges including those related to poverty, inequality, climate, environmental degradation, prosperity, peace and justice. UN member countries, including New Zealand, began to implement the SDGs in 2016; they will run until 2030. The goals are relevant to both "developed" and "developing" countries.

This cross-disciplinary degree addresses the three main elements of the SDGs; ecological, societal and economic sustainability.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Some subjects suitable for international students requiring a NZ study visa.

TE AHO PAEREWĀ: TEACHING AND LEARNING IN MĀORI MEDIUM

Te Aho Paerewa: Postgraduate Diploma of Teaching and Learning in Māori Medium ✓

Massey's Te Aho Paerewa is the tertiary sector's first postgraduate programme in Māori medium initial teacher education.

Te Aho Paerewa will help you develop exemplary approaches to learning and teaching in Kura Kaupapa Māori. You'll learn to practise and develop adaptive expertise in the Māori medium context.

You'll work in a dynamic collaborative, partnership model. The programme begins with a wānanga (live-in block course) followed with a further 3 wānanga over the year, that build essential whānau amongst taura and teaching staff, as well as delivery and assessments for pedagogical practice. The programme is delivered in partnership with Te Rūnanga Nui o Ngā Kura Kaupapa Māori o Aotearoa which means you will have access to many of the key experts and leading architects of kura kaupapa Māori as your lecturers.

Graduates of this programme will be eligible to apply for provisional registration with the Education Council of Aotearoa New Zealand. You will then be eligible to teach in kura kaupapa Māori as well as any Māori medium and mainstream classrooms. Applications close on 10 December of the preceding year. Late applications will be considered for entry if there are places available on the programme.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Not suitable for international students requiring a NZ study visa

TERTIARY TEACHING AND LEARNING

Postgraduate Certificate in Tertiary Teaching and Learning ✓

The Postgraduate Certificate in Tertiary Teaching (PGCertTTL) equips you to better meet the demands of teaching in the tertiary environment. This qualification will enhance your ability to improve the quality of your students' learning, and helps you play a full and informed teaching role in your discipline and institution. The

- ✓ Programme available and all majors/subjects available
- ☐ Some majors/subjects available

programme focuses on your specific needs and requirements in your teaching roles. It integrates a strong practical dimension aimed at developing teaching expertise with relevant theory and scholarship.

NOTE: If you want to teach at a New Zealand primary or secondary school, you will also need to take a postgraduate teaching qualification

AVAILABILITY FOR INTERNATIONAL STUDENTS: Not suitable for international students requiring a NZ study visa

VETERINARY MEDICINE

Master of Veterinary Medicine ✓

SPECIALISATIONS: Companion Animal; Without Specialisation.

The Master of Veterinary Medicine (MVM) attracts students from around the globe to this world-leading online education programme, offering practicing veterinarians a flexible, modular system of study via online study. You may choose from a wide range of small animal, large animal, epidemiology and veterinary business courses.

Your courses will advance your knowledge and skills to a level beyond that obtained in your primary veterinary degree. On-campus workshops are held in Palmerston North, New Zealand. Attendance at these workshops is strongly recommended, but not compulsory (with the exception of the capstone Contact Workshops which are compulsory either in-person or online). All courses require a computer and internet access.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for approved international students studying via Distance Learning.

VETERINARY SCIENCE

Postgraduate Diploma in Veterinary Science ✓ ✓

ENDORSEMENTS: Veterinary Epidemiology; Veterinary Medicine; Veterinary Public Health.

The Postgraduate Diploma in Veterinary Science (PGDipVSc) is open to veterinary graduates. It consists of not less than one year of full-time study (or its equivalent in part-time study). Courses or other work prescribed are at an advanced level that builds on attainment in the academic field of the prior degree.

AVAILABILITY FOR INTERNATIONAL STUDENTS: Suitable for international students requiring a NZ study visa except for the Veterinary Medicine endorsement.

VETERINARY STUDIES

Master of Veterinary Studies ✓

SUBJECTS: Veterinary Epidemiology; Veterinary Public Health; Without Specialisation.

The Master of Veterinary Studies (MVS) is an internationally-recognised veterinary degree, most suited to veterinarians who want to build on their existing knowledge and develop research skills. It is offered on the Manawātū campus only. Choose from subjects in epidemiology and public health, or develop your skills across another area of veterinary science by choosing a MVS with no subject. Within the MVS the range of research opportunities is wide and includes fields of veterinary science from anatomy to animal welfare.

There is a wide range of taught courses for you to choose from, including epidemiology, public health, nutrition, physiology, animal reproduction and

- ✓ Programme available and all majors/subjects available
- ☐ Some majors/subjects available

animal welfare science. This degree is 180 credits, which means you can complete this degree in 1.5 years of full-time study.
